#### INDEPENDENT AUDITORS' REPORT

Board of Trustees State of Mississippi Institutions of Higher Learning Jackson, Mississippi

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component units of State of Mississippi Institutions of Higher Learning (the IHL System), a component unit of the State of Mississippi, as of and for the years ended June 30, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the IHL System's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. For the year ended June 30, 2020, we did not audit the financial statements of the Mississippi State University Foundation, Inc., the University of Mississippi Foundation, the University of Mississippi Educational Building Corporation, the University of Mississippi Medical Center Tort Claims Fund, the State Institutions of Higher Learning Self-Insured Workers' Compensation Fund, and the State Institutions of Higher Learning Tort Liability Fund. Those financial statements, which reflect approximately 5.0%, 1.5% and 0.7% of the assets, net position and revenues of the IHL System's business-type activities and 89.5%, 89.2% and 88.2% of assets, net assets and revenues of the aggregate discretely presented component units as of and for the year ended June 30, 2020, were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it related to the amounts included for the above mentioned entities/funds, is based solely on the reports of the other auditors. For the year ended June 30, 2019, we did not audit the financial statements of the Mississippi State University Foundation, Inc., the University of Mississippi Foundation, the University of Mississippi Medical Center Educational Building Corporation, the University of Mississippi Educational Building Corporation, the University of Mississippi Medical Center Tort Claims Fund, the State Institutions of Higher Learning Self-Insured Workers' Compensation Fund, and the State Institutions of Higher Learning Tort Liability Fund. Those financial statements, which reflect approximately 10.5%, 1.2% and 1.2% of the assets, net position and revenues of the IHL System's business-type activities and 89.8%, 89.4% and 90.1% of assets, net assets and revenues of the aggregate discretely presented component units as of and for the year ended June 30, 2019, were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it related to the amounts included for the above mentioned entities/funds, is based

solely on the reports of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Mississippi State University Foundation, Inc., the University of Mississippi Foundation, the University of Southern Mississippi Foundation, the University of Mississippi Medical Center Tort Claims Fund, the State Institutions of Higher Learning Self-Insured Workers' Compensation Fund, and the State Institutions of Higher Learning Tort Liability Fund were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, based on our audits and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, the aggregate discretely presented component units of the IHL System as of June 30, 2020 and 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the various schedules of Proportionate Share of Net Pension Liability, Proportionate Share of Contributions to PERS, Proportionate Share of Net OPEB Liability and Proportionate Share of Contributions to OPEB, collectively the required supplementary information, as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other

knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the IHL System's basic financial statements. The combining supplementary information on pages 121-127 and the accompanying component unit additional information for inclusion in the State of Mississippi Comprehensive Annual Financial Report on pages 136-151 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining supplementary information and the accompanying component unit additional information for inclusion in the State of Mississippi Comprehensive Annual Financial Report is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audits and the reports of other auditors, the combining supplementary information and the accompanying component unit additional information for inclusion in the State of Mississippi Comprehensive Annual Financial Report is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2020, on our consideration of the IHL System's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the IHL System's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the IHL System's internal control over financial reporting and compliance.

Management's Discussion and Analysis (Unaudited)
June 30, 2020 and 2019

#### Introduction

The Board of Trustees of Mississippi's Institutions of Higher Learning (IHL System) governs the state's public four-year institutions. The Constitutional Governing Board was created in 1943 for the purpose of overseeing and directing Mississippi's eight public universities including the University of Mississippi Medical Center, various off-campus centers and multiple research institutes located throughout Mississippi.

The institutions serve approximately 78,000 students with an employee base of 29,000 individuals. Faculty makes up approximately 6,000 of the total employee count. The system offers over 800 degree programs and awarded approximately 19,100 degrees in academic year 2019.

In addition to regular operations, each university has established its own educational building corporation (EBC) in accordance with Section 37-101-61 of the Mississippi Code Annotated of 1972. The purpose of these corporations is to provide a means to acquire land or buildings, construct or renovate facilities, and/or equip facilities. Governmental Accounting Standards Board (GASB) Statement No. 14, The Financial Reporting Entity, 39, Determining Whether Certain Organizations are Component Units – An Amendment of GASB Statement No. 14, and 61, The Financial Reporting Entity: Omnibus – An Amendment of GASB Statements No. 14 and No. 34, deem EBCs to be component units of the IHL System; therefore, they are included as blended component units in the basic financial statements. In addition to EBCs, the IHL System has three additional component units considered significant to the financial statements. The three units are Mississippi State University Foundation, Inc., the University of Mississippi Foundation and the University of Southern Mississippi Foundation. These audited financial statements are discretely presented following the IHL System's financial statements.

This report was prepared in accordance with GASB Statements 34 and 35, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments, and Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities – An Amendment of GASB Statement No. 34, and present financial data for the fiscal period ending June 30, 2020. The IHL System reports as a special purpose government, engaged solely in business-type activities. This section should be read in conjunction with the financial statements and the notes that follow.

The following is a list of abbreviations used throughout this financial report for the member universities of the IHL System:

ASU Alcorn State University
DSU Delta State University
JSU Jackson State University
MSU Mississippi State University
MUW Mississippi University for Women
MVSU Mississippi Valley State University

UPM University Press of Mississippi

MCVS Mississippi Commission for Volunteer Services – Off-campus entity

The discussion and analysis below provides an overview of the financial position and activities of the IHL System for the years ended June 30, 2020 and 2019. This discussion has been prepared by management and should be read in conjunction with the financial statements and accompanying notes that follow this section.

#### **Financial Highlights**

The IHL System recorded an increase in net position of \$42 million in fiscal year 2020. Although federal grants and contracts revenue increased by \$20.0 million (or 6.33%), net revenue from auxiliary enterprise services were down \$24.4 million (or 8.1%). Patient care revenues of the medical center experienced a modest 1.8% increase, or \$21.5 million.

Operating revenues minus operating expenses typically result in an operating loss in the IHL System's financial statements. Nonoperating items, however, including state support, investment income, and gifts have typically enabled the IHL System to reflect an increase in the net position, or "equity" each year. This surplus has been reinvested within the IHL System to add a margin of educational excellence, upgrade the IHL System's facilities and provide a prudent reserve for contingencies such as the recent period of economic instability.

#### **Overview of the Financial Statements**

The IHL System's financial report consists of management's discussion and analysis, financial statements including notes, and financial statements of the discretely presented component units. The statements of IHL System's financial statements are the Statement of Net Position; the Statement of Revenues, Expenses, and Changes in Net Position; the Statement of Cash Flows; and the Statement of Financial Position and Statement of Activities for the discretely presented component units.

#### **Financial Statements**

The financial statements present information for the IHL System as a whole. The Statement of Net Position presents the financial position of the IHL System at the end of fiscal years 2020 and 2019 and includes all assets, deferred outflows, liabilities, and deferred inflows for all institutions within the IHL System. The difference between total assets, deferred

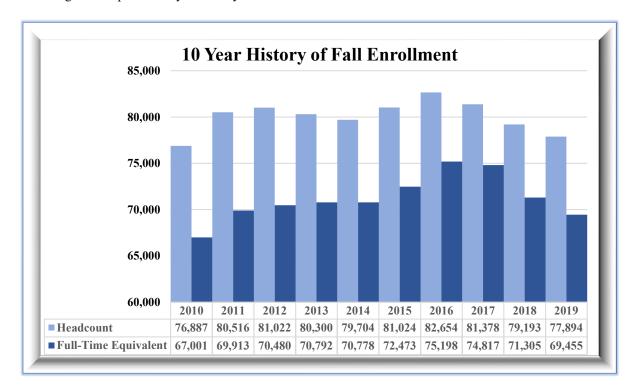

Management's Discussion and Analysis (Unaudited)
June 30, 2020 and 2019

outflows, total liabilities, and deferred inflows – net position – is one measure of the IHL System's financial health or position. The change in net position is a useful indicator of financial health of the IHL System. Over time, increases or decreases in the IHL System's net position provide a useful trend in assessing whether its financial health is improving. Other nonfinancial factors such as enrollment trends and the condition of the physical plant are also useful in evaluating the overall financial health of the IHL System.

The Statement of Revenues, Expenses and Changes in Net Position presents the operating results of the IHL System, as well as nonoperating revenues and expenses for the years ended June 30, 2020 and 2019. Operating revenues are received for providing goods and services to various customers and constituencies of the IHL System. Operating expenses are incurred to acquire or produce the goods and services provided in return for the operating revenues. Nonoperating revenues are received for which goods and services are not provided as an exchange transaction. State appropriations, which represent 18.1% and 17.7% of total IHL System net revenues for fiscal years 2020 and 2019, respectively, are classified as nonoperating revenue because these revenues are appropriated at the state level rather than at the institutional level. This accounting treatment for this revenue classification typically results in the IHL System showing an operating loss. Other typical nonoperating revenue sources include gifts, grants, and appropriations restricted for capital purposes.

The Statement of Cash Flows provides information about the cash sources and uses of the IHL System. Additional information for these statements is provided later in this report.

#### **Statement of Net Position**

The Statement of Net Position presents the financial position as of the end of the fiscal year and includes all assets, liabilities, deferred outflows, and deferred inflows of the IHL System. Cash and investments are generally reported at fair values. Capital assets are reported at historical cost less an allowance for depreciation. The difference between total assets

Management's Discussion and Analysis (Unaudited)
June 30, 2020 and 2019

and deferred outflows, and total liabilities and deferred inflows – net position – is one indicator of the current financial condition, while the change in net position is an indicator of whether the overall financial condition has improved or worsened during the current year. From the data presented, readers of the Statement of Net Position are able to determine the assets available to continue the operations of the entity, and how much is owed to vendors, investors, and lending institutions. Finally, the Statement of Net Position provides a picture of the net position and its availability for expenditure.

Net position is classified into components as follows:

- Net investment in capital assets represents the investment in property, plant, and equipment less any related debt used to acquire those assets.
- Restricted nonexpendable net position consists of the IHL System's permanent endowment funds.
- Restricted expendable net position is available for expenditure but must be spent for purposes as determined by donors and/or external entities that have placed time or purpose restrictions on the use of the assets.
- Unrestricted net position is available for any lawful purpose of the IHL System.

#### Summary of Net Position (Condensed)

|                                |    |                 |                 |                 | Changes between years |              |

| Total net position             | \$ | 2,053,573,673   | 2,157,015,372   | 2,198,979,125   | 5.0 %                 | 1.9 %        |

At June 30, 2020, 2019, and 2018 current assets totaled \$1.64 billion, \$1.39 billion, and \$1.23 billion, respectively, and consisted primarily of cash and cash equivalents, short-term investments and net receivables. Current assets increased 17.7% (or \$246.2 million) and 13.1% (or \$160.7 million) from June 30, 2019 to 2020 and June 30, 2018 to 2019, respectively. Cash and cash equivalents, and short-term investments constituted approximately 68.9% and 64.8% of current assets as of June 30, 2020 and 2019, respectively, while net receivables constituted approximately 25.1% and 29.0% of current assets as of June 30, 2020 and 2019, respectively. Approximately 35.8% and 31.7% of these net receivables are amounts due from gifts, contracts and grants, and the State of Mississippi for appropriations as of June 30, 2020 and 2019, respectively, while 41.8% and 46.1%, respectively, were related to patient care receivables from UMMC. The remaining receivables were primarily owed from students for tuition, room and board charges.

At June 30, 2020, 2019 and 2018, noncurrent assets totaled \$5.4 billion, \$5.4 billion, and \$5.3 billion, respectively, which included capital assets of \$4.5 billion, \$4.3 billion, and \$4.2 billion, respectively. Noncurrent cash and investments that are restricted externally by endowment arrangements or specific grant and contract arrangements approximated \$161.1

Management's Discussion and Analysis (Unaudited)

June 30, 2020 and 2019

million and \$177.3 million at June 30, 2020 and 2019, respectively. These amounts are reflected in net position expendable for scholarships and fellowships and other purposes in the statement of net position. Unspent bond proceeds amounted to \$44.5 million at June 30, 2019; there were no unspent bond proceeds at June 30, 2020. One other significant noncurrent asset of the IHL System is student notes receivable which equaled \$78.8 million and \$86.4 million at June 30, 2020 and 2019, respectively. In total, noncurrent assets remained stable at \$5.4 billion. Net capital assets increased \$105.6 million and \$101.4 million during 2020 and 2019, respectively. The IHL System's inventory of buildings has increased in pre-depreciation value by a total of \$796 million since June 30, 2017. Additional details about the IHL System's most recent capital asset growth can be seen in the Capital Asset and Debt Administration section of this report.

At June 30, 2020, 2019 and 2018, current liabilities equaled \$667.3 million, \$462.6 million and \$462.2 million, respectively, and consisted primarily of accounts payable and accrued liabilities, and unearned revenues. Unearned revenues include advance receipts for athletic ticket sales, summer tuition, fees, and student housing.

Noncurrent liabilities are those liabilities due and payable more than twelve months from year-end. Noncurrent liabilities equaled \$4.4 billion, \$4.2 billion, and \$4.3 billion at June 30, 2020, 2019, and 2018, respectively. The IHL System's proportionate share of the collective net pension liability reported by PERS increased by \$194.2 million (7.3%) and decreased by \$3.8 million (0.1%) as of June 30, 2020 and 2019, respectively. The IHL System's proportionate share of the collective net OPEB liability reported by the State and School Employees' Life and Health Insurance Plan increased by \$15.7 million (or 11.0%) and decreased by \$1.8 million (or 1.3%) as of June 30, 2020 and 2019, respectively. The OPEB liability was implemented as a new standard during 2018.

Deferred outflows of resources increased in 2020 while deferred inflows of resources decreased, primarily due to the impact of net pension liabilities. The IHL System recorded \$242.2 million and \$187.1 million of pension-related deferred outflows at the end of fiscal years 2020 and 2019, respectively, primarily representing the deferral of pension contributions paid during the year for the IHL System's participation in the cost-sharing, defined benefit pension plan administered by PERS. In addition, \$34.2 million and \$65.3 million of pension-related deferred inflows at June 30, 2020 and 2019, respectively, were recorded related to the IHL System's proportionate share of collective deferred inflows reported by PERS. These deferred inflow amounts represent the difference between projected and actual investment earnings on pension plan assets during the measurement period, as well as differences between expected and actual experience with regard to economic and demographic factors.

Restricted nonexpendable net position equaled \$182.6 million and \$181.3 million at June 30, 2020 and 2019, respectively, and consisted of endowment and similar type funds, in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal be maintained intact and invested for the purpose of producing income that may either be expended or added to principal. The value of this net position has increased 0.7% (or \$1.3 million) and 5.4% (or \$9.4 million) from June 30, 2019 to 2020 and June 30, 2018 to 2019, respectively.

Restricted expendable net position equaled \$323.5 million and \$320.6 million at June 30, 2020 and 2019, respectively, and consisted of resources that the IHL System is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties. The value of this net position has increased 0.9% (or \$2.9 million) and decreased 2.0% (or \$6.7 million) from June 30, 2019 to 2020 and June 30, 2018 to 2019, respectively.

Unrestricted net position (deficit) equaled (\$1.55) billion and (\$1.48) billion at June 30, 2020 and 2019, respectively, and represents those assets that are available to the IHL System for any lawful purpose. The value of unrestricted net position has decreased 4.6% (or \$68.5 million) and increased 0.5% (or \$7.5 million) from June 30, 2019 to 2020 and from June 30, 2018 to 2019, respectively. This deficit is the result of the implementation of GASB Statement Nos. 68 and 75, under which IHL recognizes a liability for its net pension and OPEB obligations.

#### Statement of Revenues, Expenses and Changes in Net Position

The Statement of Revenues, Expenses and Changes in Net Position presents the revenues earned and expenses incurred during the year. Activities are reported as either operating or nonoperating. Operating revenues are earned by providing goods and services to various customers and constituencies. Operating expenses are incurred to acquire or produce the goods and services and to carry out the mission of the IHL System. Nonoperating revenues are revenues received for which goods and services are generally not provided. A public university's dependence on state aid and gifts usually results in operating deficits because state appropriations and gifts are classified as nonoperating revenues. The utilization of long-lived assets, referred to as capital assets, is reflected in the financial statements as depreciation, which spreads the cost of an asset over its expected useful life.

Changes in total net position as presented on the Statement of Net Position are based on the activity presented in the Statement of Revenues, Expenses and Changes in Net Position. The purpose of the statement is to present the revenues earned, both operating and nonoperating, and the expenses incurred, operating and nonoperating, and any other revenues, expenses, gains or losses received or incurred by the IHL System.

Summary of Revenues, Expenses and Changes in Net Position (Condensed)

|   |     | Years ended June 30, |               |                 | Changes between years |              |  |

#### **Operating Revenues**

Operating revenues for the IHL System equaled \$2.8 billion, \$2.7 billion and \$2.6 billion for fiscal years 2020, 2019 and 2018, respectively. Operating revenues increased 1.2% (or \$32.0 million) and 5.1% (or \$131.8 million) during 2020 and 2019, respectively. Major components of operating revenues are the UMMC patient care revenues (43.5% in 2020, 43.2% in 2019 and 42.4% in 2018), net tuition and fees (23.8% in 2020, 24.0% in 2019 and 24.6% in 2018), grants and contracts revenues (16.2% in 2020, 15.7% in 2019 and 15.1% in 2018), and sales and service revenues from auxiliary activities (10.1% in 2020, 11.1% in 2019 and 11.6% in 2018). The following table summarizes the IHL System's operating revenues for the past three fiscal years.

| departments                       |     | 64,361,012    | 67,564,996           | 59,175,654            | 5.0          | (12.4)       |
| Auxiliary enterprises, net        |     | 299,776,697   | 301,979,850          | 277,624,810           | 0.7          | (8.1)        |
| Patient care revenues             |     | 1,097,355,744 | 1,176,072,282        | 1,197,526,479         | 7.2          | 1.8          |
| Other                             |     | 87,042,968    | 80,731,993           | 100,118,582           | (7.3)        | 24.0         |
| Total operating revenues          | \$_ | 2,588,271,917 | 2,720,082,179        | 2,752,093,996         | 5.1 %        | 1.2 %        |

Net tuition and fee revenues increased 0.5% (\$3.2 million), 2.4% (\$15.5 million) and 3.9% (\$23.9 million) during fiscal years 2020, 2019 and 2018, respectively. All IHL institutions raised their in-state tuition rates during 2020 and 2019 (average increase of 4.2% and 4.3%, respectively). At institutions where nonresident surcharges exist, non-Mississippi residents also paid a higher tuition rate during 2020 and 2019 (average increase of 4.0%). Despite four years of continuing decline in enrollment, these rate increases have sourced an increase in total tuition and fees, net.

Grants and contracts revenue increased 4.7% (\$20.1 million) and 9.1% (\$35.5 million) during fiscal years 2020 and 2019, respectively, due to timing differences in both federal and state funding of student aid, research, and other various grants and contracts.

Patient care revenues at UMMC increased 1.8%, or \$21.5 million, and 7.2%, or \$78.7 million, from June 30, 2019 to 2020 and June 30, 2018 to 2019.

#### **Operating Expenses**

Operating expenses for the IHL System totaled \$3.8 billion, \$3.6 billion, and \$3.5 billion for fiscal years 2020, 2019 and 2018, respectively. Operating expenses increased by 5.0% (\$182.0 million) during 2020 succeeding a modest increase of 1.8% (\$63.8 million) during 2019. Personnel costs (including fringe benefits) were the largest expense component for the IHL System, representing 62.1% of the total in 2020, 62.4% of the total in 2019 and 64.0% in 2018. Other major components include contractual services (13.1% in 2020, 13.6% in 2019, and 13.0% in 2018), commodities (11.6% in 2020, 11.1% in 2019, and 10.2% in 2018), and scholarships and fellowships (5.9% in 2020, and 4.9% during 2019 and 2018). The following table summarizes the IHL System's operating expenses (by major object category) for the past three fiscal years.

#### **Operating Expenses**

Management's Discussion and Analysis (Unaudited)
June 30, 2020 and 2019

The IHL System's personnel expenses increased in both 2020 (4.8%, or \$102.9 million) and 2019 (3.5%, or \$72.9 million). However, with the vast fluctuations in the non-cash impact on fringe benefits expense resultant from GASB Statements 68 and 75, it appears that personnel costs decreased 0.7% in 2019. Three institutions experienced large increases in personnel costs in both 2020 and 2019, respectively: MSU (\$22.7 million and \$21.2 million), UM (\$12.2 million and \$13.3 million), and UMMC (\$62.1 million and \$45.0 million); other institutions were able to decrease this outlay. Travel expenses were greatly reduced during 2020, by \$12.0 million or 23.5%. In fiscal year 2020, contractual services increased slightly by 1.4%, or \$6.7 million, after a 6.7%, or \$30.6 million, increase in 2019. The cost for commodities increased substantially by 10.1% (\$40.6 million) in 2020, and 11.3% (\$40.6 million) in 2019. Scholarship and fellowship expenses increased dramatically by 25.8% (\$45.7 million) in 2020 and only 2.1% (\$3.6 million) during 2019.

As an alternative presentation model, the IHL System's operating expenses are shown below by major functional classification. Functional classifications are the traditional categories that universities have used in past financial presentations (pre-GASB 34). These functions represent the types of programs and services that the universities generally provide. For example, funds utilized to compensate a classroom professor or provide classroom materials would be classified as instruction.

**Operating Expenses** 

|                                     | Y             | Years ended June 30, |               | Changes between years |              |  |

| Total operating expenses \$         | 3,546,846,603 | 3,610,653,918        | 3,792,667,222 | 1.8 %                 | 5.0 %        |  |

Funding for the Instruction function continues to be one of the IHL System's highest priorities. While instruction costs increased by 6.9% (\$47.7 million) in 2020 and decreased by 3.7% (\$26.4 million) in 2019, it still maintained an approximate 20% share of total operations. Institutional research (internal and external) and public service costs continue to command one of the System's primary cost missions. Although increasing between 2018 and 2019 (11.6%, or \$41.5 million), fiscal year 2020 experienced a modest decrease in research by 4.7%, or \$18.9 million; these costs represent approximately 14.4% and 15.3% of the IHL System's total focus during 2020 and 2019, respectively. Institutional support costs typically present the functions of the executive management department, general administration, logistical support services, computing, public relations and development. These costs increased 7.7% (\$24.1 million) in 2020 and decreased 1.4% (\$4.6 million) in 2019. Auxiliary enterprise costs include all expenses associated with departments that primarily exist to furnish goods or services to students, faculty, or staff and that charge a fee directly related to, although not necessarily equal to, the cost of the goods and services. Auxiliary departments are required to be essentially self-supporting activities. Examples are (1) student housing, (2) food services, (3) bookstores, and (4) intercollegiate athletics. Auxiliary expenses decreased 3.9% (\$11.0 million) in fiscal year 2020 and increased 1.7% (\$4.7 million) in fiscal year 2019. Student Aid expenses increased dramatically by 26.2%, or \$48.2 million, after remaining stable at \$184 million in 2018 and 2019. Finally, hospital expenses experienced an 8.1% increase (or \$86.3 million) in 2020 and 3.2% growth (or \$33.3 million) in 2019. The increased expenditures of 2020 outweighed the increase in patient care revenues, which reduced the hospital operations contribution ratio to 2018 levels (75.3% to 71.6%).

Management's Discussion and Analysis (Unaudited)
June 30, 2020 and 2019

The IHL System identified millions of dollars in inter-campus transactions that required elimination for financial statement presentation purposes. Examples of such transactions would be student financial aid funds administered by the IHL Executive Office that were directed to the campuses, as well as grant agreements between one or more IHL System institutions in which one campus served as a primary recipient and the other campus acted as a sub-recipient.

#### **Capital Asset and Debt Administration**

At June 30, 2020, 2019, and 2018, the IHL System had approximately \$4.5 billion, \$4.3 billion, and \$4.2 billion, respectively, invested in a broad range of capital assets. These assets comprise land, construction in progress, livestock, buildings and improvements (infrastructure), equipment and library books. They are stated net of accumulated depreciation. The following table summarizes the IHL System's capital assets for the past three fiscal years.

Capital Asset Summary

|   | •               | Years ended June 30, | Changes between years |              |              |
|---|-----------------|----------------------|-----------------------|--------------|--------------|

| Total cost of capital                   |                 |                      |                       |              |              |
| assets                                  | 6,489,255,613   | 6,723,790,966        | 6,963,583,545         | 3.6          | 3.6          |
| Less accumulated depreciation           | (2,241,696,038) | (2,374,878,385)      | (2,509,107,627)       | 5.9          | 5.7          |
| Capital assets, net \$                  | 4,247,559,575   | 4,348,912,581        | 4,454,475,918         | 2.4 %        | 2.4 %        |

Non-depreciable capital assets equaled \$560 million, \$593 million, and \$668 million, at June 30, 2020, 2019, and 2018, respectively. These assets principally consisted of land and construction in progress. The \$75 million decrease in 2019 followed with a subsequent decrease of \$32 million in 2020 was due to the completion of capitalized facility projects transferred from CIP to a depreciable category.

At June 30, 2020, 2019, and 2018, the IHL System had \$1.2 billion, \$1.3 billion, and \$1.3 billion, respectively, in bonded debt, notes payable and capital lease obligations. This represents a 3.5% (\$45.5 million) decrease in 2020 after a 3.6% (or \$48.6 million) decrease in 2019. The following table summarizes the IHL System's long-term debt for the past three fiscal years.

Long-Term Debt Summary

|                           |     | •             | Years ended June 30, | Changes between years |              |              |

| Capital lease obligations | _   | 1,297,019     | 843,919              | 650,067               | (34.9)       | (23.0)       |
| Total long-term debt      | \$_ | 1,333,419,769 | 1,284,864,976        | 1,239,392,954         | (3.6)%       | (3.5)%       |

Management's Discussion and Analysis (Unaudited)
June 30, 2020 and 2019

Bonded debt decreased 2.1% (or \$26.6 million) in 2020 and 3.5% (or \$45.5 million) in 2019. During fiscal year 2020, UM and UMMC issued approximately \$76.7 million and \$24.4 million, respectively, in new bond refundings. There were no new issues in 2019. UM issued \$76.7 million in Series 2019A and 2019B for the purpose of refunding all or a portion of Series 2013(C), 2015, and the Promissory Note Series 2017 (total economic gain of \$6.9 million). UMMC issued \$24.4 million in Series 2019 bonds for the purpose of financing capital expenditures and to refund the Series 2010A (\$3.9 million economic gain). Notes Payable decreased by \$18.7 million in 2020 and \$2.6 million in 2019.

#### **Designated Revenues**

Bond indentures previously issued, and those that may be issued in the future by the institution's Educational Building Corporations (EBC) are payable from designated revenues. The IHL Board covenants under terms of its various bond agreements that if designated revenues are insufficient to satisfy the IHL Board's obligations, the IHL Board will provide amounts from any other legally available source and will then allocate the same to cure the insufficiency. The following table provides a history of all designated revenues available to the IHL Board from fiscal years 2016 through 2020.

Designated Revenues<sup>1</sup> and Unrestricted Net Positions (excludes UMMC, Board Office, and MCVS)

|   |    | Years ended June 30, |               |               |               |               |  |  |

| Total                                   | \$ | 1,468,339,156        | 1,482,169,628 | 1,464,720,273 | 1,498,730,303 | 1,481,266,607 |  |  |

- Designated Revenues represent all unrestricted revenues of the IHL System (excluding the member Universities indicated above) which include without limitation, net tuition and auxiliary fees, sales and services, other operating revenue, state appropriations and unrestricted net position balances.
- Tuition and auxiliary enterprise revenues are net of scholarship allowances in the form of reduced tuition, room and board.
- Other designated revenues include federal appropriations, other operating revenues, and interest earned on loans to students.
- The unrestricted net positions of \$(423,613,421) for 2016, \$(527,527,704) for 2017, \$(685,017,873) for 2018, \$(616,469,699) for 2019, and \$(572,666,659) for 2020, did not contribute to total designated revenues since fiscal year 2015, and therefore have been excluded from the table. The decline in the unrestricted net assets fund balance since 2015 is the result of the implementation of GASB Statement Nos. 68 and 75 for pension and OPEB liabilities.

#### **Economic Outlook**

The IHL System began the 2020 fiscal year with an anticipated systemwide operating budget increase of \$54 million following a \$30 million funding gap in 2018 which was bridged by a mixture of tuition revenues, auxiliary revenues, and ongoing maintenance of hospital revenues. Fiscal year 2020 closed strong with a \$42 million net increase, (see the SRECNP summary table on page 9 of management discussion and analysis). While tuition revenue gains aided in this increase, actual revenues fell short of budgeted expectations due to effects of the COVID-19 pandemic. For fiscal year 2021, general

Management's Discussion and Analysis (Unaudited)
June 30, 2020 and 2019

education funding from the State of Mississippi will decrease by 6.58% (or \$24.3 million), and the IHL system expects tuition and auxiliary revenues to be flat. The IHL system also expects to receive approximately \$47 million in CARES Act funds allocated to the State of Mississippi. In 2021, state appropriated revenues will comprise approximately 27.2% of the total E&G budget, while self-generated tuition revenues will approximate 63.9% of the total revenues. In comparison, in fiscal year 2010, state appropriations represented 42% of revenues, while tuition revenue equaled 48% of the total.

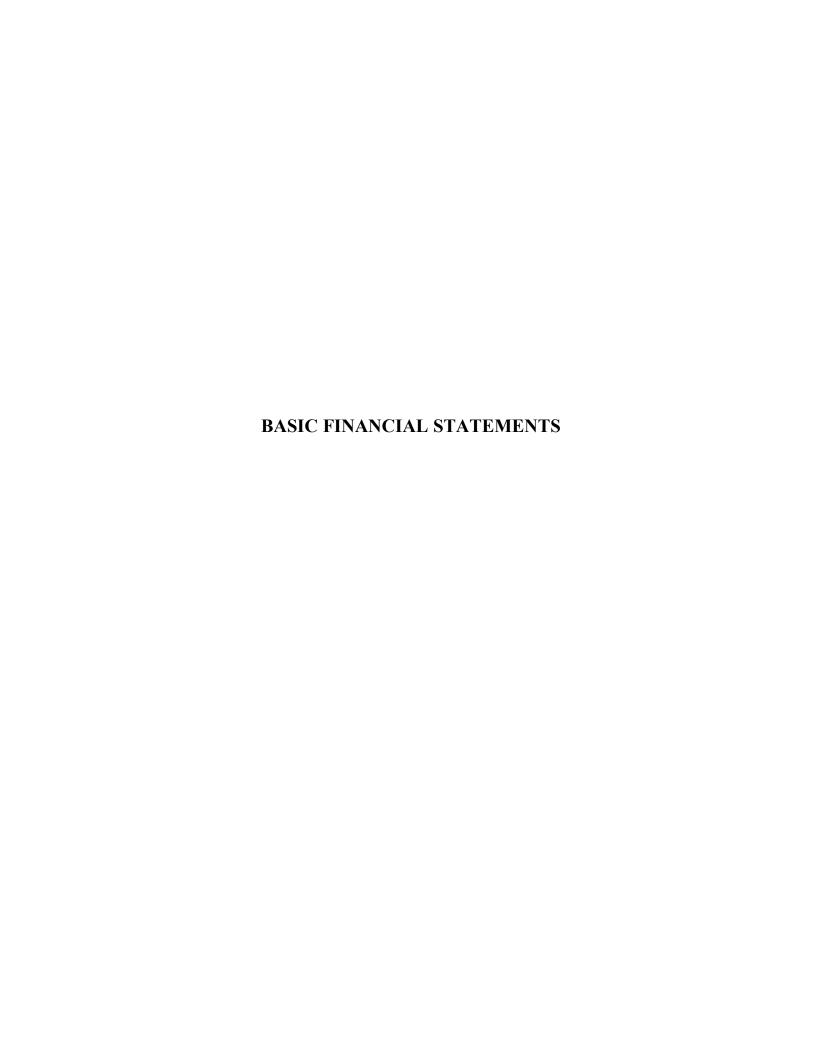

The IHL System maintains high credit ratings from Moody's (Aa2), Fitch (AA) and Standard & Poor's (AA-). Achieving and maintaining these high credit ratings provide the IHL System higher degree of flexibility in securing capital funds on the most competitive terms. This flexibility, along with ongoing efforts toward revenue diversification and cost containment, will enable the IHL System to provide the necessary resources to support a level of excellence in service to students, patients, the research community, the State of Mississippi and the nation as a whole.

As a labor-intensive organization, the IHL System faces competitive pressures related to attracting and retaining faculty and staff. Moreover, consistent with the national landscape, the cost of the IHL System's health benefits for its employees continues to increase. The IHL System has in the past and will continue to take proactive steps to respond to these challenges of rising costs. An example of continued steps includes the preparation of three-year business plans by the institutions.

While it is not possible at this time to predict the ultimate results, management at each institution has a proven track record of successfully adapting to this present economic environment while continuing to search for new opportunities to compliment state support. The IHL System's financial goal, as always, is to deliver quality services to its customers and constituents while maintaining financial integrity.

This financial report is designed to provide a general overview of the finances of the IHL System. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

# Notes to Financial Statements June 30, 2020 and 2019

#### Note 1

#### **Summary of Significant Accounting Policies**

#### (a) Nature of Operations

Through its member universities, the State of Mississippi Institutions of Higher Learning (IHL System) serves the state, national and international communities by providing its students with academic instruction, by conducting research and other activities that advance fundamental knowledge and by disseminating knowledge to the people of Mississippi and throughout the world.

#### (b) Reporting Entity

The Mississippi Constitution was amended in 1943 to create a separate legal entity and establish a Board of Trustees of State Institutions of Higher Learning (the Board). This constitutional board provides management and control of Mississippi's system of universities. The Board meets monthly and oversees the eight public universities, the University of Mississippi Medical Center and various off-campus centers and locations throughout the state. Each of these member universities is a member of the IHL System. The IHL System is considered a component unit of the State of Mississippi reporting entity.

The current twelve Board members of the IHL System were appointed by the Governor and confirmed by the Mississippi Senate for nine-year terms, representing the three Supreme Court Districts.

Each of the eight universities and the University of Mississippi Medical Center has established its own educational building corporation (a nonprofit corporation incorporated in the State of Mississippi) in accordance with Section 37-101-61 of the Mississippi Code Annotated of 1972. The purpose of these corporations is for the acquisition, construction and equipping of facilities and land for the various universities. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 61, *The Financial Reporting Entity: Omnibus-An Amendment of GASB Statements No. 14 and No. 34*, the educational building corporations are deemed to be material component units of the IHL System but are presented on a blended basis in the accompanying operations. These blended component units provide services entirely, or almost entirely, to their respective universities. See note 9 for detailed educational building corporation activities.

The following is a list of abbreviations used throughout the report for the member universities of the State of Mississippi Institutions of Higher Learning (collectively the IHL System):

ASU Alcorn State University
DSU Delta State University
JSU Jackson State University
MSU Mississippi State University
MUW Mississippi University for Women
MVSU Mississippi Valley State University

UM University of Mississippi

USM University of Southern Mississippi
UMMC University of Mississippi Medical Center

IHL Executive Office Institutions of Higher Learning – Executive Office

UPM University Press of Mississippi

MCVS Mississippi Commission for Volunteer Services – Off-campus entity

The IHL System reports the following discretely presented component units, which also have separate stand-alone audits performed, which can be obtained by requesting a copy from the finance department of each respective university below:

# Notes to Financial Statements June 30, 2020 and 2019

#### (i) Mississippi State University Foundation, Inc.

The Mississippi State University Foundation, Inc. is a legally separate, tax-exempt not for profit entity established to solicit and manage funds for the benefit of Mississippi State University.

#### (ii) University of Mississippi Foundation

The University of Mississippi Foundation is a legally separate, tax-exempt not for profit nonstock corporation formed for the benefit of the University of Mississippi.

#### (iii) University of Southern Mississippi Foundation

The University of Southern Mississippi Foundation is a not for profit entity formed to provide support to the University of Southern Mississippi and its students.

These foundations are private nonprofit organizations that report under Financial Accounting Standards Board (FASB) standards, including Accounting Standards Codification (ASC) Topic 958, Not-for-Profit Entities. As such, certain revenue recognition criteria and presentation features are different from Governmental Accounting Standards Board (GASB) revenue recognition criteria and presentation features. No modifications have been made to the foundations' financial information in the IHL System's financial reporting entity for these differences.

These foundations act primarily as fund-raising organizations to supplement the resources that are available to the respective universities in support of their programs. The governing body of each foundation is self-perpetuating and consists of graduates and friends of the respective universities. Although the respective universities do not control the timing or amount of receipts from the foundations, most resources, or income thereon, which the foundations hold and invest are restricted to the activities of the respective universities by the donors. Because these restricted resources held by the foundations can only be used by, or for the benefit of, the respective universities, these foundations are considered discretely presented component units of the IHL System.

The Mississippi State University Foundation, Inc., the University of Mississippi Foundation, and the University of Southern Mississippi Foundation each make distributions to their respective universities for support. During the years ended June 30, 2020 and 2019, support distributions were as follows:

|   | _  | 2020       | 2019       |
|---|----|------------|------------|
| Mississippi State University Foundation, Inc. | \$ | 55,756,772 | 32,355,706 |
| University of Mississippi Foundation          |    | 38,604,761 | 34,830,476 |
| University of Southern Mississippi Foundation |    | 8,350,046  | 7,855,923  |

#### (c) Basis of Accounting

The financial statements of the IHL System have been prepared in accordance with GASB Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, as amended by GASB Statement No. 35, Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities. The IHL System is reporting as a special-purpose government engaged in business-type activities. In accordance with business-type activity reporting, the IHL System presents management's discussion and analysis, statements of net position, statements of revenues, expenses and changes in net position, statements of cash flows and notes to the financial statements. The financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant transactions among departments, campuses, and auxiliary units of the IHL System have been eliminated.

Grant and contract revenues, which are received or receivable from external sources, are recognized as revenues to the extent of related expenses or satisfaction of eligibility requirements. State appropriations are recognized as nonoperating revenues when eligibility requirements are satisfied.

# Notes to Financial Statements June 30, 2020 and 2019

#### (d) New Accounting Standard

During fiscal year 2020, the IHL System adopted GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. This Statement extends the effective dates of certain accounting and financial reporting provisions in Statements and Implementation Guides that were first effective for reporting periods beginning after June 15, 2018. The requirements of this Statement apply to the financial statements of all state and local governments. The following recently issued accounting standards were affected by this postponement.

#### (e) Recently Issued Accounting Standards

The IHL System is currently evaluating the following pronouncements that are most likely to impact the system's financial reporting.

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*. This standard establishes criteria to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The original effective date of this Statement was for reporting periods beginning after December 15, 2018. This Statement is now effective for reporting periods beginning after December 15, 2019.

In June 2017, the GASB issued Statement No. 87, *Leases*. This standard establishes recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The original effective date of this Statement was for reporting periods beginning after December 15, 2019. This Statement is now effective for reporting periods beginning after June 15, 2021.

In June 2018, the GASB issued Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period. This standard establishes accounting requirements for interest cost incurred before the end of a construction period. Such costs should now be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. The Statement reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles. The original effective date of this Statement was for reporting periods beginning after December 15, 2019. This Statement is now effective for reporting periods beginning after December 15, 2020.

In August 2018, the GASB issued Statement No. 90, *Majority Equity Interests*. The primary objectives of this statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. The original effective date of this Statement was for reporting periods beginning after December 15, 2018. This Statement is now effective for reporting periods beginning after December 15, 2019.

In May 2019, the GASB issued Statement No. 91, *Conduit Debt Obligations*. The primary objectives of this statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with commitments extended by issuers, arrangements associated with conduit debt obligations, and related note disclosures. The original effective date of this Statement was for reporting periods beginning after December 15, 2020. This Statement is now effective for reporting periods beginning after December 15, 2021.

In March 2020, the GASB issued Statement No. 93, *Replacement of Interbank Offered Rates*. As a result of global reference rate reform, the London Interbank Offered Rate (LIBOR) is expected to cease to exist in its current form at the end of 2021, prompting governments to amend or replace financial instruments for the purpose of replacing LIBOR with other reference rates. The removal of LIBOR as an appropriate benchmark interest rate was effective for reporting

# Notes to Financial Statements June 30, 2020 and 2019

periods ending after December 31, 2021 with all other requirements of this Statement effective for reporting periods beginning after June 15, 2020. This statement is now effective for reporting periods beginning after June 15, 2021.

The impact of these pronouncements on the IHL System's financial statements is currently being evaluated and has not yet been fully determined.

#### (f) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Significant estimates include the determination of the allowances for uncollectible accounts and contractual adjustments and estimated third-party payor settlements, included as other current assets and as other current liabilities, relating to the IHL System's patient services. In addition, laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates associated with these programs could change by a material amount in the near term.

Included in other noncurrent liabilities are unpaid claims liabilities relating to the IHL System's self-insured workers' compensation, unemployment compensation, and tort funds. The liabilities for these unpaid claims and loss adjustment expenses are determined using both evaluations of each claim and statistical analyses and represent the estimated ultimate net cost of all claims and expenses incurred through the end of the reporting period. The determinations of claims payable include estimates that are particularly susceptible to change in the near term. Management believes that liabilities established for these unpaid claims at June 30, 2020 and 2019 are adequate to cover the ultimate net cost of claims and contractual adjustments, but these liabilities are necessarily based upon estimates, and accordingly, the amount ultimately paid will be more or less than such estimates. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed, and any adjustments are reflected in operations currently.

The IHL System's investments are invested in various types of investment securities within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the IHL System's financial statements.

#### (g) Cash Equivalents

The IHL System considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

#### (h) Short-Term Investments

Short-term investments are investments that are not cash equivalents but mature within the next fiscal year.

#### (i) Accounts Receivable, Net

Accounts receivable consist of tuition and fee charges to students and patient accounts at UMMC. Accounts receivable also include amounts due from federal and state governments, and nongovernmental sources, in connection with reimbursement of allowable expenses made pursuant to the IHL System's grants and contracts. Accounts receivable are recorded net of an allowance for doubtful accounts.

## (j) Student Notes Receivable, Net

Student notes receivable consist of federal, state and institutional loans made to students for the purpose of paying tuition and fee charges. Loan balances expected to be paid during the next fiscal year are presented on the statement of net position as current assets. Those balances that are either in deferment status or are expected to be paid back beyond the next fiscal year are presented as noncurrent assets on the statement of net position.

# Notes to Financial Statements June 30, 2020 and 2019

#### (k) Inventories

Inventories consist of bookstore, physical plant, agriculture, printing, central supply, food service supply, and various hospital inventories. These inventories are generally valued at the lower of cost or market, on the first-in, first-out (FIFO) basis.

#### (l) Prepaid Expenses

Prepaid expenses consist of expenditures related to projects, programs, activities or revenues of future fiscal periods.

#### (m) Restricted Cash and Cash Equivalents and Restricted Short-Term Investments

Cash, cash equivalents and short-term investments that are externally restricted to make debt service payments, to maintain sinking or reserve funds or to purchase or construct capital or noncurrent assets are classified as noncurrent assets in the statement of net position.

#### (n) Endowment Investments

The IHL System's endowment investments recorded at fair value, are generally subject to the restrictions of donor gift instruments. They include donor restricted endowments, which are funds received from a donor with the restrictions that only the income is to be utilized or for which the donor has stipulated that the principal may be expended only after a stated period or upon the occurrence of a certain event, and funds functioning as endowments, which are funds established by the governing board to function similar to an endowment fund but may be fully expended at any time at the discretion of the governing board.

#### (o) Other Long-Term Investments

Investments are reported at fair value. Changes in unrealized gains (losses) on the carrying value of investments are reported as a component of investment income in the statement of revenues, expenses, and changes in net position. Investments in partnerships for which there are no quoted market prices are valued at net asset value, as a practical expedient in determining fair value.

#### (p) Investment Valuation

GASB Statement No. 72, Fair Value Measurement and Application, enhances comparability of governmental financial statements by requiring fair value measurement for certain assets and liabilities using a consistent definition and accepted valuation techniques. The standard establishes a hierarchy of inputs used to measure fair value that prioritizes the inputs into three categories – Level 1, Level 2 and Level 3 inputs – considering the relative reliability of the inputs. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted (unadjusted) prices in active markets for identical financial assets or liabilities that the IHL System has the ability to access at the measurement date;
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the financial asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the financial asset or liability.

The level in the fair value hierarchy in which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment risk.

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified as Level 2 of the fair value hierarchy are subject to pricing by an alternative pricing source due to lack of information available by the primary vendor. There are no investments classified in Level 3.

# Notes to Financial Statements June 30, 2020 and 2019

#### (q) Capital Assets

Capital assets are recorded at cost at the date of acquisition, or, if donated, at acquisition value at the date of donation. For movable property, the IHL System's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life greater than one year. Renovations to buildings and improvements other than buildings that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred. Depreciation is computed using the straight-line method over the estimated useful life of the asset and is not allocated to the functional expenditure categories. See note 5 for additional details concerning useful lives and salvage values. The IHL System uses the composite method for library book depreciation if the books are considered to have a useful life of greater than one year. Expenditures for construction in progress are capitalized as incurred. Interest expense relating to construction is capitalized net of interest income earned on resources set aside for this purpose, if material.

#### (r) Impairment of Capital Assets

Management reviews capital assets for impairment whenever events or changes in circumstances indicate that the service utility of an asset has declined significantly and unexpectedly. Any write-downs due to impairment are charged to operations at the time impairment is identified. No write-down of capital assets was required for the years ended June 30, 2020 and 2019.

#### (s) Deferred Inflows and Outflows

The IHL System has deferred inflows of resources. The deferred inflows of resources are an acquisition of net assets by the IHL System that are applicable to a future reporting period and include pension and OPEB related deferred inflows, the unamortized amounts for gains on the refunding of bond debt, and beneficial interests in irrevocable trusts.

The IHL System has deferred outflows of resources. The deferred outflows of resources are consumption of net assets by the IHL System that are applicable to a future reporting period and include pension and OPEB related deferred outflows and the unamortized amounts for losses on the refunding of bond debt.

#### (t) Net Pension and OPEB Liabilities

For purposes of measuring the net pension and OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, and OPEB and OPEB expense, respectively, information about the fiduciary net position of the IHL System's proportionate share of the liability for pension and OPEB, and additions to/deductions from the plans' fiduciary net positions have been determined on the same basis as they are reported by the Public Employees' Retirement System of Mississippi (PERS) and the State and School Employees' Life and Health Insurance Plan (OPEB Plan). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

#### (u) Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities consist of amounts owed to vendors, contractors or accrued items such as interest, wages and salaries.

#### (v) Compensated Absences/Accrued Leave

Twelve-month employees earn annual personal leave at a rate of 12 hours per month for zero to three years of service; 14 hours per month for three to eight years of service; 16 hours per month for eight to fifteen years of service; and 18 hours per month for fifteen years of service and above. There is no requirement that annual leave be taken, and there is no maximum accumulation. At termination, these employees are paid for up to 240 hours of accumulated leave.

Nine-month employees earn major medical leave at a rate of 13.36 hours per month for one month to three years of service; 14.24 hours per month for three to eight years of service; 15.12 hours per month for eight to 15 years of service; and from 16 hours per month for fifteen years of service and above. There is no limit on the accumulation of major medical leave. At retirement, these employees are paid for up to 240 hours of accumulated major medical leave.

# Notes to Financial Statements June 30, 2020 and 2019

#### (w) Unearned Revenues

Unearned revenues include amounts received for tuition, fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period. Unearned revenues also include amounts received from grant and contract sponsors that have not yet been earned.

#### (x) Deposits Refundable

Deposits refundable represent good-faith deposits from students to reserve housing assignments, key deposits, and post-breakage deposits in the residence halls of the member universities of the IHL System.

#### (y) Non-current Liabilities

Non-current liabilities include: (1) carrying amounts of revenue bonds payable, notes payable and capital lease obligations; (2) estimated amounts of proportionate share of net pension and OPEB liabilities; (3) estimated amounts for accrued compensated absences, deposits refundable, and other liabilities that will not be paid within the next fiscal year; and (4) other liabilities that, although payable within one year, are to be paid from funds that are classified as noncurrent assets.

#### (z) Government Advances Refundable

The IHL System participates in the Federal Perkins Loan and Nursing Loan Programs, which are funded through a combination of federal and institutional resources. The portion of these programs that has been funded with federal funds is ultimately refundable to the U.S. government upon the termination of IHL System's participation in the programs. Although the federal government has terminated the program disallowing new loans to be made, institutions may continue to collect and service existing loans. The IHL System does not have a timeline for discontinuing its participation in this program. The portion that would be refundable if the programs were terminated has been presented as other long-term liabilities and approximated \$47.7 million and \$55.7 million as of June 30, 2020 and 2019, respectively.

#### (aa) Income Taxes

As an integral part of the State of Mississippi, a governmental entity, the IHL System is generally not subject to federal income tax, however, income generated from activities unrelated to the IHL System's exempt purpose is subject to income taxes under Internal Revenue Code Section 511(a)(2)(B).

#### (bb) Classification of Revenues and Expenses

The IHL System has classified its revenues and expenses as either operating or nonoperating according to the following criteria:

Operating revenues and expenses have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances and bad debt expense; (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances; (3) most Federal, state and local grants and contracts (non-Title IV financial aid) and Federal appropriations, if any; (4) interest on institutional student loans and other revenues; and (5) patient care revenues. Examples of operating expenses include (1) employee compensation, benefits and related expenses; (2) scholarships and fellowships, net of scholarship discounts and allowances; (3) utilities, commodities (supplies) and contractual services; (4) professional fees; and (5) depreciation expense related to certain capital assets.

Nonoperating revenues and expenses have the characteristics of nonexchange transactions, such as gifts and contributions, state appropriations, investment income and other revenue sources that are defined as nonoperating revenues by GASB Statement No. 9, Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting and GASB Statement No. 34. Examples of nonoperating expenses include interest on capital asset-related debt and bond expenses.

# Notes to Financial Statements June 30, 2020 and 2019

#### (cc) Auxiliary Enterprise Activities

Auxiliary enterprises typically exist to furnish goods or services to students, faculty or staff, and charge a fee directly related to, although not necessarily equal to, the cost of the goods or services. One distinguishing characteristic of auxiliary enterprises is that they are managed as essentially self-supporting activities. Examples include residence halls, bookstore, convenience store, laundry, faculty and staff housing, food services and intercollegiate athletic programs (only if they are essentially self-supporting). The general public may be served incidentally by auxiliary enterprises.

#### (dd) University Press of Mississippi

The University Press of Mississippi (UPM) is one such auxiliary enterprise. UPM was founded in 1970 and represents Mississippi's eight public state universities. UPM publishes scholarly work and books that represent Mississippi and its culture to the nation and the world. From its offices in Jackson, the University Press of Mississippi acquires, edits, distributes, and promotes more than 85 new books every year. Over the years, the press has published more than 2,000 titles and distributed more than three million copies worldwide, each with the Mississippi imprint. UPM is the only not-for-profit book publisher in the state and is a blended component unit of the IHL Executive Office.

#### (ee) Patient Care Revenues, Net

UMMC's hospital and clinical service revenues are reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered, including contractual allowances and estimated retroactive adjustments under reimbursement programs with third-party payors, less an allowance for doubtful accounts. Retroactive adjustments are accrued in future periods as final settlements are determined.

Inpatient acute care services and substantially all outpatient services rendered to Medicare and Medicaid program beneficiaries are paid at prospectively determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors. UMMC is reimbursed for certain services at tentative rates with final settlement determined after submission of annual cost reports and audits thereof by the Medicare and Medicaid intermediaries.

Inpatient and outpatient services rendered to Medicaid program beneficiaries are reimbursed under a cost reimbursement methodology for certain services and at prospectively determined rates for all other services. UMMC is reimbursed for cost reimbursable services at tentative rates with final settlement determined after submission of annual cost reports by UMMC and audits thereof by Medicaid fiscal intermediary.

Revenue from the Medicare and Medicaid programs accounted for approximately 30.0% and 27.7%, respectively, of UMMC's net patient service revenues for the year ended June 30, 2020 and approximately 29.7% and 30.7%, respectively, for the year ended June 30, 2019. Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term.

UMMC also entered into payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payment to UMMC under these agreements includes prospectively determined rates per discharge, discounts from established charges, and prospectively determined daily rates.

#### (ff) Hospital Reimbursement

The University Hospitals and Health System (UHHS) Medicare cost reports have been audited and settled by the fiscal intermediary through the cost reports filed for the year ended June 30, 2013 for the Jackson Campus, for the year ended June 30, 2018 for Holmes County Hospital, and for the year ended June 30, 2017 for UMMC Grenada.

Over nine years ago, the Division of Medicaid (DOM) notified all providers in the State of Mississippi of a change in the methodology used to reimburse outpatient services. DOM had adopted a payment methodology for outpatient services at a fixed cost to charge ratio that was increased each year by an inflationary index. At that time, DOM issued

# Notes to Financial Statements June 30, 2020 and 2019

letters to all providers of an updated reimbursement percentage based on more current cost data. DOM also stated intention to apply the revised methodology back to October 1, 2005. At June 30, 2020 and 2019, UHHS maintains a reserve of approximately \$45.4 million for Medicaid rate recalculations, Medicaid DSH audits, and other adjustments for prior fiscal years.

Effective in fiscal year 2020, the DOM went live with an at-risk model for a portion of the hospital access payments under the Mississippi Hospital Access Payments (MHAP) program. The state's responsibility under this program is to transition the MHAP to a quality-based program completely over the coming years. This new at-risk portion of MHAP, or QIPP (Quality Incentive Payment Program), puts 10% of hospitals' MHAP payments at risk. The program's current goal is to improve quality of care through the reduction of preventable hospital readmissions. These readmissions are measured quarterly against a pre-determined standard by DOM. UMMC continues to meet the standard requirement. There are no current reserves for the potential impact of underperformance. However, future performance may determine a need.

#### (gg) Scholarship Discounts and Allowances

Financial aid to students is reported in the financial statements under the alternative method as prescribed by the National Association of College and University Business Officers. Certain aid, such as loans, funds provided to students as awarded by third parties and Federal Direct Lending, is accounted for as a third-party payment (credited to the student's account as if the student made the payment). All other aid is reflected in the financial statements as scholarship allowances, which reduce operating revenues. The amount reported as operating expenses represents the portion of aid that was provided to the student in the form of cash.

Scholarship allowances represent the portion of aid provided to the student in the form of reduced tuition. Under the alternative method, these amounts are computed by allocating the cash payments to students, excluding payments for services, on the ratio of total aid to the aid not considered to be third party aid.

#### (hh) Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources in a statement of net position and is displayed in three components – net investment in capital assets, restricted (distinguishing between major categories of restrictions); and unrestricted.

*Net investment in capital assets* reflect the IHL System's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such debt is excluded from the calculation of net investment in capital assets.

Restricted, nonexpendable net position consists of endowment and similar type funds which donors or other outside sources have stipulated, as a condition of the gift instrument, the principal is to be maintained inviolate and in perpetuity and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Restricted, expendable net position includes resources that the IHL System is legally or contractually obligated to spend in accordance with restrictions imposed by external parties. When both restricted and unrestricted resources are available for use, it is generally the University's policy to utilize restricted resources first, and then unrestricted resources as needed.

*Unrestricted* net position represents resources derived from student tuition and fees, state appropriations, net patient service revenue, sales and services of educational activities and auxiliary enterprises. Auxiliary enterprises are substantially self-supporting activities that provide services for students, faculty, and staff. While unrestricted net position may be designated for specific purposes by action of management or the Board, they are available for use at the discretion of the governing board, to meet current expenses for any purpose.

Notes to Financial Statements June 30, 2020 and 2019

#### Note 2

#### **Cash and Investments**

#### Cash, Cash Equivalents and Short-Term Investments

Investment policies as set forth by the IHL System's Board of Trustees policy and state statute authorize the universities to invest in demand deposits and interest-bearing time deposits such as savings accounts, certificates of deposit, money market funds, U.S. Treasury bills and notes, U.S. Government agency and sponsored enterprise obligations and repurchase agreements. Investment policy at the IHL System is governed by State statute (Section 27-105-33, MS Code Ann. 1972) and the Uniform Prudent Management of Institutional Funds Act of 1998.

#### Custodial Credit Risk - Deposits

Custodial credit risk is defined as the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. Investments are exposed to custodial credit risk if the securities are uninsured and unregistered with securities held by the counterparty's trust department or agent, but not held in the government's name. The IHL System had no investments exposed to custodial credit risk at June 30, 2020 and 2019.

The collateral for public entities' deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5 of the Mississippi Code Annotated (1972). Under this program, funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against these deposits. In the event of the failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation.

Investment policies as set forth by Board policy as authorized by Section 37-101-15, Mississippi Code Annotated (1972), authorize the universities to invest in equity securities, bonds and other securities. Investments are reported at fair value.

A summary of cash and investments as of June 30, 2020 and 2019 is as follows:

# Notes to Financial Statements

|  | _    | 2020         | <br>2019            |
|--|------|--------------|---------------------|
| Cash   | \$   | 881,111,528  | 615,192,016         |
| Restricted cash and cash equivalents                 |      | 108,664,579  | 119,331,479         |

#### Notes to Financial Statements

June 30, 2020 and 2019

The following tables present the financial assets carried at fair value by level within the valuation hierarchy, as well as the assets measured at the net asset value (NAV) per share as a practical expedient as of June 30, 2020 and 2019:

|   | 2020        |             |          |             |  |

- (1) Equity long/short hedge and venture capital funds specialize primarily in classic long/short hedge equity strategies. These funds invest globally, with a majority of the exposure in liquid, developed markets and invest primarily in private investment partnerships, venture capital opportunities or limited liability companies and in separately-managed accounts, each of which is managed by independent managers.
- (2) Private capital investments help build new startup equities that are considered to have high-growth and high-risk potential, mainly in the technology and healthcare sectors.
- (3) Other miscellaneous investments consist of various other tangible items such as land, timberland and various real estate, etc.

The equity in the long/short hedge funds, private capital, Mississippi State University Foundation Investment Pool, and other miscellaneous investments represents the IHL System's participations in those investments, which is measured at NAV per share.

#### **Custodial Credit Risk**

Custodial credit risk is defined as the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of the investment or collateral securities that are in possession of an outside party. Investments are exposed to custodial credit risk if the securities are uninsured and unregistered with securities held by the counterparty's trust department or agent but not held in the government's name. The IHL System had no investments exposed to custodial credit risk at June 30, 2020 and 2019.

#### **Interest Rate Risk**

Interest rate risk is defined as the risk a government may face should interest rate variances adversely affect the fair value of investments. The IHL System does not presently have a formal policy that addresses interest rate risk.

# Notes to Financial Statements June 30, 2020 and 2019

As of June 30, 2020 and 2019, the IHL System had the following investments subject to interest rate risk:

|                                       |     |               |                | 2020              |            |                 |

The credit risk ratings listed above are issued upon standards set by Standard and Poor's or Moody's Ratings Services.

#### **Concentration of Credit Risk**

Concentration of credit risk is defined by GASB Statement No. 40, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions, as the risk of loss attributed to the magnitude of a government's investment in a single issuer. The IHL System does not presently have a formal policy that addresses concentration of credit risk.

# Notes to Financial Statements June 30, 2020 and 2019

As of June 30, 2020 and 2019, the IHL System had the following issuer holding investments recorded at fair value that exceeded 5% of total investments:

|  | _  | 202         | 0          |

#### Foreign Currency Risk

Foreign currency risk is defined as the risk that changes in exchange rates will adversely affect the fair value of an investment. The IHL System does not presently have a formal policy that addresses foreign currency risk. The IHL System's exposure to foreign currency risk is limited to investments in global or pooled non-U.S. equity mutual funds, which approximated \$25.7 million and \$36.4 million at June 30, 2020 and 2019, respectively.

| depreciation                       | -        | 2,241,696,038               | 164,129,057 | 30,946,710              | 2,374,878,385               |
| Net capital assets                 | \$       | 4,247,559,575               | 376,221,696 | 274,868,690             | 4,348,912,581               |

As of June 30, 2020 and 2019, capital assets included assets under capital leases with an original cost basis of approximately \$2.7 million, with accumulated amortization of approximately \$1.5 million.

Depreciation is computed on a straight-line basis except for library books, which is computed using a composite method. The following useful lives, salvage values and capitalization thresholds are used to compute depreciation:

| Capital assets                    | Estimated useful life | Salvage<br>value | Capitalization threshold |  |
|-----------------------------------|-----------------------|------------------|--------------------------|--|
| Buildings                         | 40 Years              | 0 - 20 %         | \$ 50,000                |  |
| Improvements other than buildings | 20 Years              | 0 - 20           | 25,000                   |  |
| Equipment                         | 3-15 Years            | 0 - 10           | 50,000                   |  |
| Library books                     | 10 Years              | _                |                          |  |

# Note 7 Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities as of June 30, 2020 and 2019 are as follows:

|   | 2020        | 2019        |
|---|-------------|-------------|
| Payable to vendors and contractors                | 146,253,624 | 129,187,412 |
| Accrued salaries, wages and employee withholdings | 102,202,758 | 86,878,504  |
| Accrued interest                                  | 6,884,501   | 6,241,282   |
| Other   | 5,425,687   | 5,237,030   |
| Subtotal  | 260,766,570 | 227,544,228 |
| Less elimination entry                            | (727,117)   |             |
| Total accounts payable and accrued liabilities    | 260,039,453 | 227,544,228 |

All amounts are considered current and expected to be settled within one year.

# Notes to Financial Statements June 30, 2020 and 2019

# Note 8 **Unearned Revenues**

Unearned revenues as of June 30, 2020 and 2019 are as follows:

|                                       | <br>2020          | 2019       |
|---------------------------------------|-------------------|------------|
| Unearned summer school revenue        | \$<br>28,455,679  | 29,881,248 |
| Unearned grants and contract revenue  | 84,274,331        | 34,432,465 |
| Other principally athletic activities | <br>26,471,692    | 31,587,263 |
| Total                                 | \$<br>139,201,702 | 95,900,976 |

All amounts are considered current and will be fully recognized within one year.

As part of the Medical Center's response to the COVID-19 pandemic, it received advance payments from Medicare in the amount of \$33 million. These payments were received in April 2020 and will need to start to be repaid within 120 days from receipt. The Medical Center has up to one year from the date the payments were made to repay the balance. The advanced payments are included in unearned revenue on the statements of net position at June 30, 2020.

# Note 9 Material Blended Component Units of the IHL System

In accordance with GASB Statement No. 61, the educational building corporations are deemed to be material component units of the IHL System but are presented on a blended basis in the accompanying financial statements due to the significance of their activities to respective member universities' operations. These blended component units provide services entirely, or almost entirely, to their respective universities. Condensed financial information as of June 30, 2020 and 2019 is listed in the following schedules.

| 2020 Condensed Financial Information for Educational Building Corporations |      |             |             |             |              |             |             |              |             |

#### Note 10

#### **Long-Term Liabilities**

Long-term liabilities of the IHL System consist of notes and bonds payable, capital lease obligations, and certain other liabilities that are expected to be liquidated at least one year from June 30, 2020 and 2019.

The various leases cover a period not to exceed five years. The IHL System has the option to prepay all outstanding obligations less any unearned interest to fully satisfy the obligation. There is also a fiscal funding addendum stating that if funds are not appropriated for periodic payment for any future fiscal period, the lessee will not be obligated to pay the remainder of the total payments due beyond the end of the current fiscal period. Other long-term liabilities and notes payable consist of accrued leave liabilities, deposits refundable, notes payable, net pension liability, net OPEB liability, and other liabilities (government advance refundables, self-insured workers' compensation, unemployment and tort claims).

#### Notes to Financial Statements

June 30, 2020 and 2019

Information regarding original issue amounts, interest rates, and maturity dates for bonds, notes, and capital leases relative to the long-term liabilities for each of the universities within the IHL System as of June 30, 2020 and 2019 is listed in the following schedules.

|                                      |                   |                         |                           | _   | Year ended June 30, 2020 |           |           |                   |                     |

Notes to Financial Statements June 30, 2020 and 2019

#### University of Mississippi

In October 2019, the University of Mississippi Educational Building Corporation (UMEBC) issued \$73,350,000 and \$3,365,000 of Series 2019A revenue refunding and Series 2019B taxable revenue refunding bonds, respectively. The purpose of these bonds is to refund all or a portion of Mississippi Business Finance Corporation Series 2013(C) revenue bonds, issued in the original principal amount of \$62,900,000; Mississippi Business Finance Corporation Series 2015 revenue bonds, issued in the original principal amount of \$9,450,000; and the UMEBC Taxable Promissory Note Series 2017 issued in the original principal amount of \$17,783,300. The series 2019A revenue refunding bonds bear interest rates ranging from 3.0% to 5.0% with interest due April 1 and October 1 of each year beginning April 2020 and included a premium of \$13,033,330. Principal matures beginning October 1, 2020 through October 1, 2035. The Series 2019B taxable revenue refunding bonds bear interest rates ranging from 1.94% to 2.05% with interest due April 1 and October 1 of each year beginning April 2020. Principal matures beginning October 1, 2020 through October 1, 2023. Repayment of the refunding bonds is secured by a pledge of rental payments pursuant to a lease agreement between the Corporation and the University. The refunding of Series 2013(C) bonds will result in an economic gain of approximately \$5.3 million. The refunding of Series 2015 bonds will result in an economic gain of approximately \$0.5 million. The refunding of Series 2017 bonds will result in an economic gain of approximately \$0.5 million.

#### University of Mississippi Medical Center

In September 2019, the Medical Center Education Building Corporation issued \$24,380,000 of Series 2019 bonds. The purpose of these bonds is to finance capital expenditures and to refund the Series 2010A bonds, issued in the original principal amount of \$24,870,000. The refunding of Series 2010A bonds will result in an economic gain of approximately \$3.9 million. The Series 2019 revenue refunding bonds bear an interest rate of 5.00% with interest due June 1 and December 1 of each year beginning December 2019 and included a premium of \$6,171,165. Principal matures beginning June 1, 2020 through June 1, 2035. Repayment of the bonds is secured by a pledge of rental payments pursuant to a lease agreement between the Corporation and the Medical Center.

In November 2017, the Medical Center entered into an agreement with University of Mississippi (UM) to provide up to \$40 million of intermediate debt to fund project construction for the Children's of Mississippi expansion. In later years, the agreement was amended to also include project funding for campus heating, ventilation and air conditioning (HVAC) upgrades and Interventional Radiology renovations. For the year ended June 30, 2020, UM provided funding of \$8,336,907 to the Medical Center. The UM note payable bears an interest rate of 2.00% with interest due quarterly beginning September 2020. Principal matures September 2020 through June 2025.

The total rental expense for all operating leases, except those with terms of a month or less that were not renewed, for the years ending June 30, 2020 and 2019 approximated \$27.8 million and \$31.9 million, respectively.

# Note 13 Construction Commitments and Financing

The IHL System has contracted for various construction projects as of June 30, 2020. Estimated costs to complete the various projects and the sources of anticipated funding are presented below:

|                                     |     | Remaining estimated | Funded by          |                  |                          |                  |  |  |

#### Notes to Financial Statements

June 30, 2020 and 2019

#### Note 14

### **Donor Restricted Endowments**

The net appreciation on investments of donor restricted endowments that is available for authorization for expenditure approximated \$32.8 million and \$52.0 million as of June 30, 2020 and 2019, respectively. These amounts are included in the accompanying statement of net position in "net position – expendable for other purposes", and "net position – expendable for scholarships and fellowships." The endowment investments totaled \$320.3 million and \$339.0 million at June 30, 2020 and 2019, respectively.

Most endowments operate on the total-return concept as permitted by the Uniform Prudent Management of Institutional Funds Act (UPMIFA) (Sections 79-11-701 through 79-11-719, MS Code, Ann. 1972) of 2006. The annual rate for spendable transfers distributed annually, is 4% of the investment pool's average unit value over the 36-month period.

#### Note 15

#### **Employee Benefits – Pension Plans**

The IHL System participates in the following separately administered plans maintained by Public Employees' Retirement System of Mississippi (PERS):

| Plan Type                               | Plan Name  |
|---|--|
| Multiple-employer, defined benefit      | PERS Defined Benefit Plan                                |
| Multiple-employer, defined contribution | Optional Retirement Plan (ORP) Defined Contribution Plan |

The employees of the IHL System are covered by one of the pension plans outlined above (collectively, the Plans). The Plans do not provide for measurements of assets and pension benefit obligations for individual entities. The measurement date of the Plans is June 30, 2019 for fiscal year 2020 and June 30, 2018 for fiscal year 2019.

The funding methods and determination of benefits payable were established by the legislative acts creating such plans, as amended, and in general, provide that the funds are to be accumulated from employee contributions, participating entity contributions and income from the investment of accumulated funds. The plans are administered by separate boards of trustees.

Information included within this note is based on the certification provided by consulting actuary, Cavanaugh Macdonald Consulting, LLC.

A stand-alone audited financial report is issued for the Plans and can be obtained at www.pers.ms.gov.

#### Disclosures under GASB Statement No. 68

The pension disclosures that follow for fiscal years 2020 and 2019 include all disclosures for GASB Statement No. 68 using the latest valuation reports available (June 30, 2019). For fiscal year 2020, the measurement date for the PERS defined benefit plan is June 30, 2019. For fiscal year 2019, the measurement date for the PERS defined benefit plan is June 30, 2018. The IHL System is presenting net pension liability as of June 30, 2019 and 2018 for the fiscal years 2020 and 2019 financials, respectively.

Notes to Financial Statements June 30, 2020 and 2019

#### **PERS Defined Benefit Plan**

#### **Plan Description**

The PERS of Mississippi was created with the purpose to provide pension benefits for all state and public education employees, sworn officers of the Mississippi Highway Safety Patrol, other public employees whose employers have elected to participate in PERS, elected members of the State Legislature and the President of the Senate. PERS administers a cost-sharing, multiple-employer defined benefit pension plan. PERS is administered by a 10-member Board of Trustees that includes the State Treasurer; one gubernatorial appointee who is a member of PERS; two state employees; two PERS retirees; and one representative each from public schools and community colleges, state universities, municipalities and counties. With the exception of the State Treasurer and the gubernatorial appointee, all members are elected to staggered six-year terms by the constituents they represent.

#### Membership and Benefits Provided

Membership in PERS is a condition of employment granted upon hiring for qualifying employees and officials of the State of Mississippi (the State), state universities, community and junior colleges, and teachers and employees of the public school districts. Members and employers are statutorily required to contribute certain percentages of salaries and wages as specified by the Board of Trustees. A member who terminates employment from all covered employers and who is not eligible to receive monthly retirement benefits may request a full refund of his or her accumulated member contributions plus interest. Upon withdrawal of contributions, a member forfeits service credit represented by those contributions.

Participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of PERS before July 1, 2011) are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.0% of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.5% for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65, whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service. A member may elect a reduced retirement allowance payable for life with the provision that, after death, a beneficiary receives benefits for life or for a specified number of years. Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. In the event of death prior to retirement of any member whose spouse and/or children are not entitled to a retirement allowance, the deceased member's accumulated contributions and interest are paid to the designated beneficiary.

A Cost-of-Living Adjustment (COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.0% of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.0% compounded for each fiscal year thereafter.

#### **Contributions**

Plan provisions and the Board of Trustees' authority to determine contribution rates are established by Miss. Code Ann. § 25-11-1 et seq., (1972, as amended) and may be amended only by the Mississippi Legislature.

Policies for PERS provide for employer and member contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are adequate to accumulate sufficient assets to pay benefits when due. PERS members were required to contribute 9.00% of their annual pay. The system's contractually required contribution rate for the years ended June 30, 2020 and 2019 was 17.40% and 15.75%, respectively, for each year of annual payroll. Contributions from the IHL System are recognized when legally due based on statutory requirements.

# Notes to Financial Statements June 30, 2020 and 2019

#### **Employer Contributions**

The IHL System's contributions to PERS for the years ended June 30, 2020 and 2019 were \$185.4 million and \$165.8 million, respectively. The IHL System's proportionate share was calculated on the basis of historical contributions. Although GASB Statement No. 68 encourages the use of the employer's projected long-term contribution effort to the retirement plan, allocation on the basis of historical employer contributions is considered acceptable. Employer contributions recognized by the IHL System that are not representative of future contribution effort are excluded in the determination of employer's proportionate share. Examples of employer contributions not representative of future contribution efforts are contributions towards the purchase of employee service and employer contributions paid by employees in connection with early retirement.

The following table provides the IHL System's contributions used in the determination of its proportionate share of collective pension amount reported:

|                            | _  | Proportionate<br>share of<br>contributions | Allocation percentage of proportionate share of collective pension amount | Change in proportionate share of collective pension amount |
|----------------------------|----|--|---|--|
| PERS defined benefit plan: |    |  |   |  |
| 2020                       | \$ | 165,800,374                                | 16.16%  | 0.24%  |
| 2019                       |    | 160,203,045                                | 15.93%  | -0.03%   |

#### **Net Pension Liability**

The IHL System's proportion of the net pension liability at June 30, 2019 and 2018 is as follows:

|                            | _  | Proportionate<br>share of net<br>pension liability | Proportion of net pension liability |
|----------------------------|----|--|-------------------------------------|
| PERS defined benefit plan: |    |  |                                     |
| 2020                       | \$ | 2,843,514,960                                      | 16.16%                              |
| 2019                       |    | 2,649,318,090                                      | 15.93%                              |

### Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Deferred outflows of resources were related to differences between expected and actual experience, changes of assumptions, changes in proportion and differences between employer contributions and the proportionate share of contributions, and contributions made after the measurement date. The difference between expected and actual experience with regard to economic and demographic factors is amortized over the average of the expected remaining service life of active and inactive members which is approximately five years. The first year of amortization is recognized as pension expense with the remaining years shown as a deferred outflow of resources.

See the following table for deferred outflows and inflows of resources related to pensions from the following sources:

# Notes to Financial Statements

June 30, 2020 and 2019

#### **Actuarial Methods and Assumptions**

Actuarial valuations involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and future salary increases. Amounts determined during the valuation process are subject to continual revision as actual results are compared with past expectations, and new estimates are made about the future. Mississippi state statute requires that an actuarial experience study be completed at least once in each five-year period. The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience investigation for the four-year period ending June 30, 2018.

The following table provides a summary of the actuarial methods and assumptions used to determine the contribution rate reported for PERS for the years ended June 30, 2020 and 2019:

|                           | 2020          | 2019          |
|---------------------------|---------------|---------------|
| Valuation date            | June 30, 2019 | June 30, 2018 |
| Asset valuation method    | Market value  | Market value  |
| Actuarial assumptions:    |               |               |
| Inflation rate            | 2.75 %        | 3.00 %        |
| Salary increases          | 3.00          | 3.25          |
| Investment rate of return | 7.75          | 7.75          |

#### Mortality

Mortality rates were based on the PubS. H-2010(B) Retiree Table with the following adjustments: For males, 112% of male rates from ages 18 to 75 scaled down to 105% for ages 80 to 119. For females, 85% of the female rates from ages 18 to 65 scaled up to 102% for ages 75 to 119. Mortality rates will be projected generationally using the MP-2018 projection scale to account for future improvements in life expectancy.

#### **Discount Rate**

For the years ended June 30, 2020 and 2019, the discount rate used to measure the total pension liability was 7.75%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate (9.00%) and that employer contributions will be made at the current employer contribution rate (17.40% and 15.75%, respectively) for the years ended June 30, 2020 and 2019. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### **Long-Term Expected Rate of Return**

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of June 30, 2020 and 2019 are summarized in the following table:

# Notes to Financial Statements

June 30, 2020 and 2019

|                         | Year ended J         | June 30, 2020                                | Year ended June 30, 2019 |  |  |  |

#### (a) Optional Retirement Plan, a defined contribution plan

The Optional Retirement Plan (ORP) was established by the Mississippi Legislature in 1990 to help attract qualified and talented institutions of higher learning faculty. The membership of the ORP is composed of teachers and administrators appointed or employed on or after July 1, 1990, who elect to participate in ORP and reject membership in PERS. The ORP provides funds at retirement for employees, and in the event of death, the ORP provides funds for their beneficiaries through an arrangement by which contributions are made to this plan. The current contribution rate of both the employee and the IHL System are identical to that of the PERS defined benefit plan.

The ORP uses the accrual basis of accounting. Investments are reported at fair value, based on quoted market prices. Employees immediately vest in plan contributions upon entering the plan. The IHL System's contributions to the ORP for the years ended June 30, 2020 and 2019 were \$78.6 million and \$67.5 million, respectively, which equaled its required contribution for the period.

Notes to Financial Statements June 30, 2020 and 2019

#### Note 16

#### Postemployment Health Care and Life Insurance Benefits

#### **Plan Description**

In addition to providing pension benefits, the IHL System provides other postemployment benefits (OPEB) such as health care and life insurance benefits to all eligible retirees and dependents. The State and School Employees' Life and Health Insurance Plan (the Plan) is self-insured and financed through premiums collected from employers, employees, retirees and COBRA participants. The Plan was established by Section 25-15-3 et seq., Mississippi Code Ann. (1972) and may be amended only by the State Legislature. The State and School Employees' Health Insurance Management Board (the Board) administers the Plan.

The 14-member board is comprised of the Chairman of the Workers' Compensation Commission; the State Personnel Director; the Commissioner of Insurance; the Commissioner of Higher Education; the State Superintendent of Public Education; the Executive Director of the Department of Finance and Administration; the Executive Director of the Mississippi Community College Board; the Executive Director of the Public Employees' Retirement System; two appointees of the Governor; the Chairman of the Senate Insurance Committee, or his designee; the Chairman of the House of Representatives Insurance Committee, or his designee; the Chairman of the Senate Appropriations Committee, or his designee; and the Chairman of the House of Representatives' Appropriations Committee, or his designee. The Board has a fiduciary responsibility to manage the funds of the Plan. The Plan maintains a budget approved by the Board.

#### Membership and Benefits Provided

The Plan provides for Other Postemployment Benefits (OPEB) as a multiple-employer defined benefit OPEB plan for units of state government, political subdivisions, community colleges and school districts. A trust was created June 28, 2018 for the OPEB Plan and, the Plan is considered a cost-sharing multiple-employer defined benefit OPEB plan. Benefits of the OPEB Plan consist of an implicit rate subsidy, which is essentially the difference between the average cost of providing health care benefits to retirees under age 65 and the average cost of providing health care benefits to all participants when premiums paid by retirees are not age-adjusted.

#### **Contributions**

Employees' premiums are funded primarily by their employers. Retirees must pay their own premiums, as do active employees for spouse and dependent medical coverage. The Board has the sole authority for setting life and health insurance premiums for the Plan. Per Section 12-15-15 (10) Mississippi Code Ann. (1972), a retired employee electing to purchase retiree life and health insurance will have the full cost of such insurance premium deducted monthly from his or her state retirement plan check or direct billed for the cost of the premium if the retirement check is insufficient to pay for the premium. If the Board determined actuarially that the premium paid by the participating retirees adversely affects the overall cost of the Plan to the State, then the Board may impose a premium surcharge, not to exceed 15%, upon such participating retired employees who are under the age for Medicare eligibility and who are initially employed before January 1, 2006. For participating retired employees who are under the age for Medicare eligibility and who are initially employed on or after January 1, 2006, the Board may impose a premium surcharge in an amount the Board determines actuarially to cover the full cost of insurance.

Pursuant to the authority granted by Mississippi Statute, the Board has the authority to establish and change premium rates for the participants, employers and other contributing entities. An outside consulting actuary advises the Board regarding changes in premium rates. If premium rates are changed, they generally become effective at the beginning of the next calendar year or next fiscal year.

Plan participants are not subject to supplemental assessment in the event of a premium deficiency. At the time of premium payment, the risk of loss due to incurred benefit costs is transferred from the participant to the Plan. If the assets of the Plan were to be exhausted, participants would not be responsible for the Plan's liabilities.

#### Notes to Financial Statements

June 30, 2020 and 2019

Information included within this note is based on the certification provided by consulting actuary, Cavanaugh Macdonald Consulting, LLC.

The audited financial report for the Plan can be found at knowyourbenefits.dfa.ms.gov.

At June 30, 2019 and 2018, the Plan provided health coverage to 321 and 327 employer units, respectively.

#### Disclosures under GASB Statement No. 75

The disclosures that follow for fiscal years 2020 and 2019 include all disclosures for GASB Statement No. 75 using the latest valuation report available (June 30, 2019). For fiscal year 2020, the measurement date for the State and School Employees' Life and Health Insurance Plan is June 30, 2019. For fiscal year 2019, the measurement date for the State and School Employees' Life and Health Insurance Plan is June 30, 2018. The IHL System is presenting net OPEB liability as of June 30, 2019 and 2018 for the fiscal years 2020 and 2019 financials, respectively.

#### **Proportionate Share Allocation Methodology**

The basis for an employer's proportion is determined by comparing the employer's average monthly employees participating in the Plan with the total average employees participating in the plan in the fiscal year of all employers. This allocation was utilized because the level of premiums contributed by each employer is the same for any employee regardless of plan participation elections made by an employee.

# OPEB Liability, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2020 and 2019, the IHL System reported a liability of \$157.5 million and \$141.8 million, respectively, for its proportionate share of the net OPEB liability (NOL). For fiscal year ending June 30, 2020, the NOL was measured as of June 30, 2019, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. At June 30, 2020 and 2019, the IHL System's proportion was 18.56% and 18.34%, respectively.

For the years ended June 30, 2020 and 2019, the IHL System recognized OPEB expense of \$8.7 million and \$6.8 million, respectively.

See the following tables for deferred outflows and inflows of resources related to OPEB from the following sources:

|                             |    |             |            |             |                  |           | 2020           |             |             |                  |                |

\$6.3 million reported as deferred outflows of resources related to OPEB resulting from the IHL System contributions subsequent to the measurement date was recognized as a reduction of the NOL in the year ended June 30, 2020.

Deferred outflows of resources and deferred inflows of resources are calculated at the plan level and are allocated to employers based on their proportionate share. Changes in employer proportion, an employer specific deferral, is amortized over the average remaining service lives of all plan participants, including retirees, determined as of the beginning of the respective measurement period. The average remaining service life determined as of the beginning of the June 30, 2019 and 2018 measurement periods is 6.4 years. Employers are required to recognize pension expense based on their proportionate share of collective OPEB expense plus amortization of employer specific deferrals.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

|                              | Deferred outflows (inflows) of resources year ended June 30 |           |           |          |           |            |           |

#### Notes to Financial Statements

June 30, 2020 and 2019

#### **Actuarial Methods and Assumptions**

The following table provides a summary of the actuarial methods and assumptions used to determine the discount rate reported for OPEB for the years ended June 30, 2020 and 2019:

|                                   | 2020                              | 2019                              |
|-----------------------------------|-----------------------------------|-----------------------------------|
| Valuation date                    | June 30, 2019                     | June 30, 2018                     |
| Measurement date                  | June 30, 2019                     | June 30, 2018                     |
| Experience study                  | April 2, 2019                     | April 18, 2017                    |
| Actuarial assumptions:            |                                   |                                   |
| Cost method                       | Entry age normal                  | Entry age normal                  |
| Inflation rate                    | 2.75 %                            | 3.00 %                            |
| Long-term expected rate of return | 3.50 %                            | 4.50 %                            |
| Discount rate                     | 3.50 %                            | 3.89 %                            |
| Projected cash flows              | N/A                               | N/A                               |
| Projected salary increases        | 3.00% - 18.25%                    | 3.25% - 18.50%                    |
| Healthcare cost trend rates       | 7.00% decreasing to 4.75% by 2028 | 7.25% decreasing to 4.75% by 2028 |

Actuarial valuations of an ongoing plan involve estimates of the value of projected benefits and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision, as actual results are compared to past expectations and new estimates are made about the future.

#### Mortality

Mortality rates were based on the PubS H-2010(b) Retiree Table with the following adjustments: For males, 112% of male rates from ages 18 to 75 scaled down to 105% for ages 80 to 119. For females, 85% of the female rates from ages 18 to 65 scaled up to 102% for ages 75 to 119. Mortality rates will be projected generationally using the MP-2018 projection scale to account for future improvements in life expectancy.

#### **Discount Rate**

For the years ended June 30, 2020 and 2019, the discount rate used to measure the total OPEB liability was 3.50% and 3.89%, respectively. The discount rate is based on an average of the Bond Buyers General Obligation 20-year Municipal Bond Index Rate (formerly published monthly by the Board of Governors of the Federal Reserve System).

#### **Long-term Expected Rate of Return**

At June 30, 2020 and 2019, the long-term expected rate of return, net of OPEB plan investment expense, including inflation was 3.50% and 4.50%, respectively.

#### Sensitivity of Net OPEB Liability to Changes in the Discount Rate

The following table presents the IHL System's proportionate share of the NOL for 2020 and 2019, calculated using the discount rate of 3.50% and 3.89%, respectively, as well as what the IHL System's NOL would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

# Notes to Financial Statements June 30, 2020 and 2019

#### Non-cash Impact on Fringe Benefits Expense

For the years ended June 30, 2020 and 2019, the non-cash impact of GASB Statement No. 68 on fringe benefits expense was \$108.0 million and \$111.6 million, respectively. For the years ended June 30, 2020 and 2019, the non-cash impact of GASB Statement No. 75 on fringe benefits expense was \$3,374,644 and \$448,534, respectively.

#### Note 17

#### **Self-Insured Workers' Compensation Fund**

The IHL System participates in the State Institutions of Higher Learning Self-Insured Workers' Compensation Fund (the WC Fund). The WC Fund provides a mechanism for the institutions to fund and budget for the costs of providing worker compensation benefits to eligible employees. The WC Fund does not pay benefits directly to employees. Funds are set aside in trust, and a third-party administrator is utilized to distribute the benefits to eligible employees. Total assets and liabilities of the WC Fund approximated \$29.3 million and \$20.3 million at June 30, 2020, respectively, and \$26.5 million and \$21.8 million at June 30, 2019, respectively, and are included in the statements of net position.

A professionally licensed actuarial firm was contracted to establish a liability for both reported and unreported insured events, which includes estimates of future payments of losses. The difference between the assets and liabilities of the fund is not expected to impact the WC Fund's ability to pay claims.

In order to minimize the amount of risk and in accordance with self-insurance general practices, the WC Fund purchases excess loss insurance to cover risks exceeding \$1,000,000 per occurrence. Excess loss insurance premiums

#### Notes to Financial Statements

June 30, 2020 and 2019

for the years ended June 30, 2020 and 2019 were approximately \$345,000 and \$331,000, respectively. Excess loss insurance does not discharge the WC Fund from its primary liability to cover the IHL System's claims. Consequently, failure of the insurer to honor its obligation could result in losses to the WC Fund.

The following represents changes in the unpaid claims liabilities for the WC Fund for the years ended June 30, 2020, 2019, and 2018 (in thousands):

|  | _  | 2020    | 2019    | 2018    |
|--|----|---------|---------|---------|
| Unpaid claim liability at beginning of year        | \$ | 21,700  | 20,992  | 21,419  |
| Incurred claims:                                   |    |         |         |         |
| Insured events of the current                      |    | 7,801   | 8,304   | 8,952   |
| Decrease in provisions for                         |    |         |         |         |
| insured events of prior years                      |    | (4,057) | (2,403) | (4,339) |
| Total incurred claims                              |    | 3,744   | 5,901   | 4,613   |
| Payments:  |    |         |         |         |
| Attributable to insured events of the current year |    | 1,420   | 1,579   | 1,664   |
| Attributable to insured events of the prior year   |    | 3,957   | 3,614   | 3,376   |
| Total payments                                     |    | 5,377   | 5,193   | 5,040   |
| Unpaid claim liability at end of year              | \$ | 20,067  | 21,700  | 20,992  |

Total accrued claims, included in long-term liabilities, are presented at their present value using a discount rate of 3.0%. The discount approximated \$2.2 million and \$2.5 million as of June 30, 2020 and 2019, respectively.

#### Note 18

#### **Unemployment Trust Fund**

The IHL System participates in a self-funded Unemployment Trust Fund (the Unemployment Fund). The Unemployment Fund exists in order to provide a mechanism for the IHL System to fund and budget for the costs of providing unemployment benefits to eligible former employees. The Unemployment Fund does not pay benefits directly to former employees. Rather, it reimburses the Mississippi Department of Employment Security Commission for benefits it pays directly to former IHL System employees. Total assets and liabilities of the Unemployment Fund approximated \$10.1 million and \$4.2 million at June 30, 2020, respectively, and \$8.6 million and \$4.2 million at June 30, 2019, respectively, and are included in the statements of net position.

A professionally licensed actuarial firm was contracted to perform an actuarial analysis of the Unemployment Fund as of June 30, 2020. The actuaries concluded that the fund's actual assets at June 30, 2020 exceeded the recommended minimum fund balance. The recommended fund balance at June 30, 2020 is \$4.3 million. Actual fund assets equaled \$10.1 million at June 30, 2020. The fiscal year 2021 assessment level was set at \$1.7 million. Future assessments are recommended to be set at \$1.7 million for fiscal year 2022, \$1.7 million for fiscal year 2023, and \$1.7 million for fiscal year 2024. These facts will be considered by the IHL System when determining future funding rates.

#### Note 19

#### **Tort Liability Fund and Other Contingencies**

The IHL System participates in the State Institutions of Higher Learning Tort Liability Fund (the IHL Tort Fund). In accordance with Section 11-46-1, et seq., Mississippi Code Annotated (1972), the Mississippi Tort Claims Board has authorized the Board to establish a fund in order to self-insure a certain portion of its liability under the Mississippi Tort Claims Act and professional liability claims. The IHL Board established the IHL Tort Fund to provide self-insurance.

#### Notes to Financial Statements

June 30, 2020 and 2019

Effective July 1, 1993, Mississippi statute permitted tort claims to be filed against public institutions. A maximum limit of liability of \$500,000 per occurrence is currently permissible.

A professionally licensed actuarial firm was contracted to perform an actuarial analysis of the IHL Tort Fund as of June 30, 2020. Total assets and liabilities related to this activity approximated \$17.9 million and \$10.7 million at June 30, 2020, respectively, and \$17.7 million and \$11.0 million at June 30, 2019, respectively, and are included in the statements of net position.

The following represents changes in the unpaid claims liabilities for the IHL Tort Fund during the years ended June 30, 2020, 2019, and 2018 (in thousands):

|  | _    | 2020    | 2019   | 2018    |
|--|------|---------|--------|---------|
| Unpaid claim liability at beginning of year        | \$   | 10,912  | 9,694  | 10,319  |
| Incurred claims:                                   |      |         |        |         |
| Insured events of the current                      |      | 3,354   | 3,628  | 3,741   |
| Decrease in provisions for                         |      |         |        |         |
| insured events of prior years                      | _    | (1,495) | (668)  | (2,530) |
| Total incurred claims                              |      | 1,859   | 2,960  | 1,211   |
| Payments:  |      |         |        |         |
| Attributable to insured events of the current year |      | 65      | 205    | 426     |
| Attributable to insured events of the prior year   | _    | 2,146   | 1,537  | 1,410   |
| Total payments                                     | _    | 2,211   | 1,742  | 1,836   |
| Unpaid claim liability at end of year              | \$ _ | 10,560  | 10,912 | 9,694   |
|  | _    |         |        |         |

Total accrued claims, included in long-term liabilities, are presented at their present value using a discount rate of 3.0%. The discount approximated \$932,000 and \$990,000 as of June 30, 2020 and 2019, respectively.

In addition to claims covered by the IHL Tort Fund and the UMMC Tort Fund (described more fully below), the IHL System is defendant in various other legal matters occurring in the normal course of business activities. Management, with the advice of legal counsel, is of the opinion that the ultimate resolution of these matters will not have a material adverse impact on the IHL System's financial statements.

#### Note 20

#### **UMMC Tort Claims Fund**

The UMMC participates in the University of Mississippi Medical Center Tort Claims Fund (UMMC Tort Claims Fund). In accordance with Section 11-46-1, et seq., Mississippi Code Annotated (1972), the Mississippi Tort Claims Board has authorized the Board of Trustees of the IHL System to establish a fund to self-insure a certain portion of its liability under the Mississippi Tort Claims Act.

Effective July 1, 1993, Mississippi statute permitted tort claims to be filed against public institutions. A maximum limit of liability of \$500,000 per occurrence is currently permissible.

The Board of Trustees of Higher Learning has established a Medical Center Tort Claims fund to pay claims up to the maximum liability limits described above. Losses from professional and tort liability claims of the Medical Center are the responsibility of the Medical Center Tort Claims Fund.

Total assets and liabilities related to this activity approximated \$48.1 million and \$31.2 million at June 30, 2020, respectively, and approximated \$45.6 million and \$35.5 million at June 30, 2019, respectively, and are included in the statements of net position.

A professionally licensed actuarial firm was contracted to perform an actuarial analysis to establish a liability for both reported and unreported insured events, which includes estimates of future payments of losses.

#### Notes to Financial Statements

June 30, 2020 and 2019

The following represents changes in the unpaid claims liabilities for the UMMC Tort Claims Fund for the years ended June 30, 2020, 2019 and 2018 (in thousands):

|  | _   | 2020    | 2019    | 2018    |

| Payments:  |     |         | _       |         |
| Attributable to insured events of the current year |     | 16      | 504     | 27      |
| Attributable to insured events of the prior year   |     | 2,919   | 2,888   | 4,058   |
| Total payments                                     | _   | 2,935   | 3,392   | 4,085   |
| Unpaid claim liability at end of year              | \$_ | 31,198  | 35,491  | 35,888  |

At June 30, 2020 and 2019, unpaid claims of \$34.4 million and \$39.2 million, respectively, are presented at their net present value of \$31.2 million and \$35.5 million, respectively, using a discount rate of 4%.

# Note 21 COVID Relief Funds

In March 2020, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. As a result of COVID-19, University campuses were ordered to close in March 2020. Remaining Spring course instruction and the start of the Summer course instruction was delivered through remote learning methods for all students. Residence and dining halls were temporarily shut down, with room and board refunds paid to students based on the prorated charges.

On March 27, 2020, Congress passed and President Trump signed into law the Coronavirus Aid, Relief, and Economic Securities (CARES) Act. The CARES Act allocated \$14 billion to higher education through the creation of the Education Stabilization Fund. The System's universities received various emergency relief grants totaling \$100.6 million, of which approximately \$35.1 million is required to go directly to students in the form of emergency financial aid grants to cover expenses related to the disruption of campus operations due to COVID-19. The remaining funding was provided to the institution to cover any costs associated with significant changes to the delivery of instruction due to the coronavirus. Additionally, the system received \$47.4 million in grants provided to the state of Mississippi by an appropriation of the Legislature. Furthermore, \$30.6 million was awarded to UMMC through the Acute Care, Rural Hospital, Rural Health Clinic, HHS Stimulus Medical Safety Net, and other CARES Act sources. With both federal and state funds, the IHL System received a total of \$178.7 million. Through June 30, 2020, the System had incurred expenses and recorded revenues of approximately \$56 million related to the CARES Act. These amounts are reflected in the statement of revenues, expenses and changes in net position as nonoperating grants revenue.

COVID-19 may also impact various parts of the System's fiscal year 2021 operations and financial results, including, but not limited to declines in enrollment, loss of auxiliary revenues and costs for increased use of technology. Management believes the System is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as these events are still developing.

#### Notes to Financial Statements

June 30, 2020 and 2019

#### Note 22

#### **Subsequent Events**

On October 29, 2020, the Medical Center Educational Building Corporation (MCEBC) issued \$158,125,000 of Series 2020B taxable revenue bonds to advance refund MCEBC Build America Bonds Series 2010B, Series 2012A, Series 2012B, and finance capital expenditures, including but not limited to the Parking Garage C and the Mississippi Center for Emergency Services.

#### Note 23

Significant Disclosures for the Discretely Presented Component Unit of the IHL System – Mississippi State University Foundation, Inc.

#### (a) Nature of Organization

Mississippi State University Foundation, Inc. (MSUF) is a not-for-profit entity established to solicit and manage funds for the benefit of MSU. MSUF also manages funds for affiliates of the University, including Mississippi State University Alumni Association, Inc. and The Bulldog Club, Inc.

### (b) Significant Accounting Policies

#### Basis of Accounting

The MSUF consolidated financial statements include the foundation, Maroon Air, LLC, and the Mississippi State Investment Pool in which the foundation has a controlling financial interest. The consolidated financial statements, which are presented on the accrual basis of accounting, have been prepared to present balances and transactions according to the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net assets with donor restrictions – net assets subject to donor-imposed stipulations that may or will be met either by actions of MSUF and or the passage of time. Net assets in this class include unconditional gifts for restricted purposes and donor-restricted endowment funds.

Generally, the donor of these assets permits the foundation to use all or part of the income earned on related investments for general or specific purposes in support of the university.

Net assets without donor restrictions – net assets that represent resources generated from operations or that are not subject to donor-imposed stipulations. Net assets without donor restrictions include contributions designated to a particular college or unit for which the use or purpose is unrestricted.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulations or by law. Expirations of restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

Conditions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value. Contributions of intellectual property are based on its estimated fair value, considering the characteristics specific to the assets and estimated usage during the term of the agreement. Contributed goods and services are recorded as revenues and expenses in the consolidated statements of activities at estimated fair value.

# Notes to Financial Statements June 30, 2020 and 2019

#### Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

MSUF's investments are invested in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in MSUF's consolidated financial statements.

#### Investments

The overall investment objective of MSUF is to invest its assets in a prudent manner that will achieve a long-term rate of return sufficient to fund donor-designated directives and maintain the inflation-adjusted impact of each donor restricted fund. Beginning July 1, 2017, investment decisions have been delegated to Perella Weinberg Partners Capital Management LP, the foundation's outsourced chief investment officer that operates under the brand name, "Agility". Agility executes investment decisions in accordance with the foundation's approved investment policy.

Investments are reported at estimated fair value. If an investment is held directly by MSUF and an active market with quoted prices exists, the market price of an identical security is used as reported fair value. Reported fair values for shares in mutual funds registered with the U.S. Securities and Exchange Commission are based on share prices reported by the funds as of the last business day of the fiscal year. Fixed income securities are based on quoted market prices or other observable inputs such as quoted prices for similar assets or inputs corroborated by observable market data. MSUF's interests in alternative investment funds are generally reported at the net asset value (NAV) reported by the fund managers, which is used as a practical expedient to estimate the fair value of interest therein, unless it is probable that all or a portion of the investment will be sold for an amount different from NAV. As of June 30, 2020 and 2019, MSUF had no plans or intentions to sell investments at amounts different from NAV. Properties held for investment are reported at estimated fair value based on periodic appraisals conducted by third-party appraisers who utilize the cost, sales comparison and income capitalization approaches to estimate the fair value of the investments. MSUF considers recent comparables, among other things, to adjust for any changes in fair value between the most recent appraisal date and year-end.

#### Mississippi State Investment Pool

MSUF, MSU, the MSU Alumni Association, and The Bulldog Club, Inc. are participants in a joint venture, the Mississippi State Investment Pool (MSIP), whereby investable assets are pooled for investment purposes. The MSUF is the investment pool's managing member and maintains separate accounts for each participant. Investment income, gains and losses, and expenses of the MSIP are allocated to each participant based on their share of ownership of the MSIP. Due to MSUF's controlling financial interest in the MSIP of approximately 91% and 90% as of June 30, 2020 and 2019, respectively, the foundation has consolidated the MSIP, reflecting the noncontrolling interests of the other participants in its consolidated financial statements.

#### (c) Pledges Receivable, Net

All unconditional promises to give are recorded at their estimated realizable value on a discounted basis using rates commensurate with the risks involved. Allowance is made for uncollectible pledges based upon management's judgment and analysis of specific accounts, past collection experience, and other relevant factors.

Pledges receivable, net, are summarized as follows at June 30, 2020 and 2019:

# Notes to Financial Statements

June 30, 2020 and 2019

|   | <br>2020         | 2019        |

|   | \$<br>32,886,943 | 32,250,143  |

#### (d) Investments

Investments are summarized as follows as of June 30, 2020 and 2019:

|  | 2020        | 2019        |
|--|-------------|-------------|
| Short-term investments \$                  | 8,685,646   | 8,094,707   |
| Agility Comprehensive Solutions Fund       | 400,156,048 | 408,128,487 |
| Global fixed income                        | 4,020,077   | 4,220,959   |
| Global equities                            | 7,874,380   | 9,472,100   |
| Real assets                                | 23,686,055  | 31,615,070  |
| Absolute return strategies                 | 138,669     | 308,893     |
| Private capital                            | 21,856,293  | 15,192,530  |
| Contributed properties held for investment | 29,613,054  | 34,594,669  |
| Cash-surrender value of life insurance     | 3,225,348   | 1,886,091   |
| \$   | 499,255,570 | 513,513,506 |

Prior to March 2020, the MSIP had invested in a limited partnership interest in the Agility Comprehensive Solutions Feeder Fund LP, a Delaware limited partnership (the Feeder Fund). The Feeder Fund invested all, or substantially all, of its investable assets on an investment-by-investment basis, either (i) directly through a "master fund/feeder fund" structure, or (ii) indirectly through Agility Comprehensive Solutions Offshore Fund Ltd., a Cayman Islands exempted company, in Agility Comprehensive Solutions Fund LP., a Delaware limited partnership (the Master Fund). In March 2020, the MSIP transferred its entire interest in the Feeder Fund to a direct investment in the Master Fund. Perella Weinberg Partners Agility Comprehensive Solutions Fund GP LP serves as general partner of both the Feeder Fund and the Master Fund. The Master Fund invests in five broad asset classes with approximate allocation percentages at June 30, 2020 and 2019:

|                            | 2020 | 2019 |
|----------------------------|------|------|
| Global equities            | 65 % | 56 % |
| Global fixed income        | 8    | 12   |
| Absolute return strategies | 15   | 21   |
| Real assets                | 7    | 8    |
| Private capital            | 5    | 3    |

MSUF has entered into various split interest agreements, including charitable remainder unitrusts and charitable gift annuities, whereby MSUF serves as trustee. The assets held under these split interest agreements are included in investments at June 30, 2020 and 2019 with a fair value of \$12.0 million and \$12.8 million, respectively.

#### Notes to Financial Statements

June 30, 2020 and 2019

The following schedule summarizes net investment income in the consolidated statements of activities for the years ended June 30, 2020 and 2019:

|   | <br>2020        | 2019       |
|---|-----------------|------------|
| Dividends and interest, net of expenses | \$<br>2,802,490 | 2,557,241  |
| Net realized and unrealized gains       | <br>(1,294,827) | 18,293,833 |
|   | \$<br>1,507,663 | 20,851,074 |

#### **Fair Value Measurements**

ASC Topic 820, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that are observable at the measurement date.
- Level 2: Significant observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data; and
- Level 3: Significant unobservable inputs for the asset or liability that reflects the reporting entity's own estimates about the assumptions that market participants would use in pricing the asset or liability. These assumptions are based on audited financial statements provided by the general partner of the investment combined with additional third-party due diligence.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the fair value hierarchy table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying statement of financial position.

The following table summarizes MSUF's financial instruments by major category in the fair value hierarchy as of June 30, 2020 and 2019:

#### Notes to Financial Statements

June 30, 2020 and 2019

- (2) These funds have initial 10-year terms or 12-year terms, unless extended or dissolved sooner in accordance with the limited partnership agreements. Future commitments to these funds approximate \$11,274,000 and \$5,345,000 at June 30, 2020 and 2019, respectively. Private capital and real estate funds are generally made through limited partnerships. Under the terms of such agreements, the MSIP may be required to provide additional funding when capital or liquidity calls are made by fund managers. These partnerships have a limited existence, and they may provide for annual extensions for the purpose of disposing portfolio positions and returning capital to investors. However, depending on market conditions, the inability to execute the fund's strategy, or other factors, a manager may extend the terms of a fund beyond its originally anticipated existence or may wind the fund down prematurely. The MSUF cannot anticipate such changes because they generally arise from unforeseeable events, but should they occur they could reduce liquidity or originally anticipated investment returns. Accordingly, the timing and amount of future capital or liquidity calls in any particular future year are uncertain.
- (3) The MSIP invests in three and four natural resource investments at June 30, 2020 and 2019, respectively, which have terms ending in 2022, 2025 and 2026. Investments with lockup periods are subject to one or more one to two-year extensions. Future commitments to these funds approximate \$7,113,500 and \$8,695,000 at June 30, 2020 and 2019, respectively.
- (4) Generally, MSIP's investments in absolute return strategies (or hedge funds) allow early redemption for specified fees. The terms and conditions upon which an investor may redeem an investment vary, usually with the majority requiring 60 days to 12 months notice after the initial lock up period, which may be from one to three years. At June 30, 2020 and 2019, the MSUF had no absolute return strategy investments for which an otherwise redeemable investment was not redeemable.
- (5) Bulldog Forest properties totaling approximately \$27,414,855 and \$21,608,000 at June 30, 2020 and 2019, respectively, may be held in perpetuity or liquidated at the Foundation's discretion. Other properties are for immediate sale.
- (6) The Foundation currently has no plans to surrender these policies prior to maturity, but cash would be realized in a minimal amount of time if an insurance policy is canceled.

The following table presents MSUF's activities for the years ended June 30, 2020 and 2019 for contributed properties held for investments classified in Level 3:

|                                   | <br>2020         | 2019       |
|-----------------------------------|------------------|------------|
| Balance, beginning of year        | \$<br>34,594,669 | 33,335,253 |
| Acquisitions                      | 1,976,062        | 1,068,806  |
| Dispositions                      | (6,597,267)      | (347,500)  |

#### (g) Endowment Funds

The State of Mississippi adopted the UPMIFA effective July 1, 2012. The foundation's board of directors has determined its donor agreements provide for the preservation of the fair value of the original gift as of the date of the gift. As a result, the foundation segregates within the net asset class with donor restrictions, the original gift amount and amounts required to be retained by donor separate from the portion subject to appropriation.

Endowment net asset compositions by type of fund as of June 30, 2020 and 2019 are as follows:

# Notes to Financial Statements

#### (h) Funds with Deficiencies

As a result of market declines for certain recently established endowments, the fair value of certain donor-restricted endowments was less than the historical cost value (original gift/book value) of such funds (underwater) by \$1,903,505 and \$718,576 at June 30, 2020 and 2019, respectively. These endowments had an original gift value of approximately \$55.4 million and \$32.9 million at June 30, 2020 and 2019, respectively.

#### Note 24

Significant Disclosures for the Discretely Presented Component Unit of the IHL System – University of Mississippi Foundation

## (a) Nature of Organization

The University of Mississippi Foundation (UMF) is a nonprofit, nonstock corporation formed for the benefit of The University of Mississippi (UM). UMF promotes, encourages, and assists educational, scientific, literary, research, and service activities of UM and its affiliates.

#### (b) Significant Accounting Policies

## Basis of Accounting

The UMF financial statements are presented on the accrual basis of accounting and have been prepared to present balances and transactions according to the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and recorded as follows:

Net assets with donor restrictions – consist of contributions that have been restricted by the donor for specific purposes or are time restricted, including contributions that the donor stipulate the resources be maintained in perpetuity, but permit UMF to use or expend part or all of the income derived from the donated assets for either specified or unspecified purposes.

Net assets without donor restrictions – represents funds that are available for support of the operations of UMF and that are not subject to donor stipulation.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. UMF considers donor contributions to the various university schools and departments to be included in net assets with donor restrictions as those university units have authority over expenditures. Expenses are reported as decreases in net assets without donor restrictions. When a donor restriction expires or the stated purpose is accomplished, net assets are reclassified as applicable in the statements of activities as net assets released from restriction.

Board-designated net assets are net assets without donor restrictions that are used only for the specific purpose passed by board resolution. Changes to designations require a subsequent board resolution. The President/CEO and other staff of UMF may not change the purpose of any board-designated funds without the consent of the board. These net assets are designated for providing a general operating fund reserve and charitable gift annuity reserve.

#### Use of Estimates

The UMF prepares its financial statements in accordance with U.S. generally accepted accounting principles, which require that management make estimates and assumptions that affect the reported amounts of assets and liabilities and revenues and expenses. Such estimates include the present value discount rates applied to the pledges receivable and liabilities under remainder trusts, allowance for uncollectible pledges, fair market values of certain investments including real estate, partnership and member interests and depreciation of property and equipment. Actual results could differ significantly from those estimates.

UMF's investments are primarily invested in various types of investment securities within many financial markets. Investment securities are exposed to several risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the fair value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

#### Investments

Investments are recorded at fair value. The fair values of all investments other than real estate and partnership and membership interests (which includes pooled investment funds) are based on quoted market prices and other

#### Notes to Financial Statements

June 30, 2020 and 2019

observable inputs such as quoted prices for similar assets, quoted prices in inactive markets or inputs corroborated by observable market data. UMF's partnership and member interests are generally reported at the net asset value (NAV) reported by the fund managers, which is used as a practical expedient to estimate the fair value of the foundation's interest therein, unless it is probable that all or a portion of the investment will be sold for an amount different from NAV. As of June 30, 2020 and 2019, UMF had no plans or intentions to sell investments at amounts different from NAV. UMF's real estate investments are initially recognized at fair value based on appraised values at the date of receipt and are subsequently carried at fair value. Both realized and unrealized gains and losses are classified in the accompanying statements of activities based on restrictions put in place by the donor.

#### (c) Pledges Receivable, Net

UMF obtains pledges through fund-raising projects in support of various activities. All pledges are classified as net assets with donor restrictions. A summary of pledges receivable as of June 30, 2020 and 2019 is as follows:

|   |    | 2020         | 2019         |
|---|----|--------------|--------------|
| Unconditional promises expected to be collected in: |    | _            |              |
| One year  | \$ | 16,221,488   | 14,187,360   |
| Two to five years                                   |    | 38,510,914   | 38,607,939   |

|   | \$<br>(24,485,933) | 22,352,555 |

#### **Fair Value Measurements**

ASC Topic 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that are observable at the measurement date.
- Level 2: Significant observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data; and
- Level 3: Significant unobservable inputs for the asset or liability that reflects the reporting entity's own estimates about the assumptions that market participants would use in pricing the asset or liability. These assumptions are based on audited financial statements provided by the general partner of the investment combined with additional third-party due diligence.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the fair value hierarchy table are

## Notes to Financial Statements

## (e) Net Assets With Donor Restrictions

Net assets with donor restrictions at June 30, 2020 and 2019 were restricted for the following purposes:

|  |     | 2020        | 2019        |
|--|-----|-------------|-------------|
| Spendable:                               |     |             |             |
| Academic and program support             | \$  | 198,110,337 | 178,032,801 |
| Scholarship support                      |     | 56,335,571  | 75,759,328  |
| Faculty support                          |     | 25,893,939  | 39,100,045  |
| Library support                          |     | 6,628,894   | 8,771,050   |
| Total                                    | \$  | 286,968,741 | 301,663,224 |
| Endowment:                               |     |             |             |
| Academic and program support             | \$  | 59,528,388  | 54,083,486  |
| Scholarship support                      |     | 122,075,173 | 118,100,910 |
| Faculty support                          |     | 76,217,594  | 75,311,037  |
| Library support                          |     | 14,006,374  | 13,947,847  |
| Total                                    |     | 271,827,529 | 261,443,280 |
| Total net assets with donor restrictions | \$_ | 558,796,270 | 563,106,504 |

# Notes to Financial Statements June 30, 2020 and 2019

#### (f) Endowment Funds

The State of Mississippi adopted the UPMIFA effective July 1, 2012. The foundation's board of directors has determined its donor agreements provide for the preservation of the fair value of the original gift as of the date of the gift. As a result, the foundation segregates within the net asset class with donor restrictions, the original gift amount and amounts required to be retained by donor separate from the portion subject to appropriation.

Endowment net asset compositions by type of fund as of June 30, 2020 and 2019 are as follows:

|                                       | _    |              | 2020         |             |
|---------------------------------------|------|--------------|--------------|-------------|

| Net depreciation                         | _   | (496,554)        | (43,042,684)  | (43,539,238) |
| Endowment net assets, June 30, 2020      | \$_ | 14,294,049       | 355,420,466   | 369,714,515  |

#### (g) Funds with Deficiencies

When unfavorable market fluctuations cause the fair value of certain donor-restricted endowments to be less than the historical cost (original gift/book value) of such funds, the fund is considered to be underwater, and this deficiency is recorded in net assets with donor restrictions. At June 30, 2020, there was one fund underwater with an original gift value of \$25.2 million, fair value of \$24.0 million and deficiency of \$1.2 million which is reported in net assets with donor restrictions. At June 30, 2019, there were no funds underwater.

#### Note 25

Significant Disclosures for the Discretely Presented Component Unit of the IHL System – University of Southern Mississippi Foundation

#### (a) Nature of Organization

The University of Southern Mississippi Foundation (USMF) is a not-for-profit entity organized under the laws of the State of Mississippi to provide support to the University of Southern Mississippi (USM) and its students. USMF depends on the university to provide the staff and facilities for its operations.

Foundation Aviation Holdings, LLC was formed by the USMF in October 2008 as a single member limited liability company. The USMF's consolidated financial statements include the accounts of Foundation Aviation Holdings, LLC.

# Notes to Financial Statements June 30, 2020 and 2019

#### (b) Significant Accounting Policies

#### Basis of Accounting

The USMF consolidated financial statements are presented on the accrual basis of accounting and have been prepared to present balances and transactions according to the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and recorded as follows:

Net assets without donor restrictions – net assets available for use in general operations and not subject to donor or grantor restrictions. The governing board has designated, from net assets without donor restrictions, net assets for an operating reserve and board-designated endowment.

Net assets with donor restrictions – net assets subject to donor or certain grantor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as restricted revenue when received and release from restrictions when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless the use of the underlying net asset is restricted by explicit donor stipulations or by law. Expirations of restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions.

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value as of the date of the gift. Contributions to be received after one year are discounted at a rate commensurate with the risks involved. Amortization of the discount is recorded as contribution revenue and recognized in accordance with donor-imposed restrictions, if any, on the contributions. Allowance is made for uncollectible contributions based upon management's judgment and analysis of the creditworthiness of the donors, past collection experience and other relevant factors.

Income and realized and unrealized gains (losses) on investments of restricted net assets are reported as follows:

- as increases (decreases) in net assets with donor restrictions that are perpetual in nature if the terms of the gift or the foundation's interpretation of relevant state law requires that they be added to the principal of a donorrestricted endowment fund;
- as increases (decreases) in net assets with donor restrictions that are temporary in nature in all other cases and released from restriction when appropriated for expenditure in accordance with donor agreements.

#### Use of Estimates

The USMF prepares its consolidated financial statements in accordance with U.S. generally accepted accounting principles, which require that management make estimates and assumptions that affect the reported amounts of assets and liabilities and revenues and expenses. Actual results could differ significantly from those estimates.

USMF's investments are held in various types of investment securities across a variety of markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

# Notes to Financial Statements

June 30, 2020 and 2019

#### Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are recorded at fair value. Hedge funds, real estate investment funds and private equity funds are reported at the net asset value (NAV) reported by the fund managers, which is used as a practical expedient to estimate the fair value of the foundation's interest therein, unless it is probable that all or a portion of the investment will be sold for an amount different from NAV. At June 30, 2020 and 2019, USMF had no plans or intentions to sell investments at amounts different from NAV. Other investments, which consist primarily of donated assets and real estate for which the foundation is the owner and beneficiary are recorded at cost. Transactions are accounted for on a trade date basis.

## (c) Pledges Receivable, Net

Pledges receivable, net, are summarized as follows at June 30, 2020 and 2019:

|   | <br>2020        | 2019      |
|---|-----------------|-----------|
| Unconditional promises expected to be collected in: |                 |           |
| Less than one year                                  | \$<br>3,963,125 | 3,976,656 |

| Total investments             | \$<br>118,205,601 | 117,093,651 |

#### Notes to Financial Statements

June 30, 2020 and 2019

The following schedule summarizes net investment income in the consolidated statements of activities for the years ended June 30, 2020 and 2019:

|   |    | 2020      | 2019      |
|---|----|-----------|-----------|
| Dividends and interest, net of expenses | \$ | 2,179,961 | 2,047,388 |
| Net realized and unrealized gains       | ·  | (374,663) | 3,939,942 |
|   | \$ | 1,805,298 | 5,987,330 |

#### **Fair Value Measurements**

ASC Topic 820, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that are observable at the measurement date.
- Level 2: Significant observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data; and
- Level 3: Significant unobservable inputs for the asset or liability that reflects the reporting entity's own estimates about the assumptions that market participants would use in pricing the asset or liability. These assumptions are based on audited financial statements provided by the general partner of the investment combined with additional third-party due diligence.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the fair value hierarchy table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying consolidated statements of financial position.

The following tables present USMF's financial assets carried at fair value by level within the valuation hierarchy as of June 30, 2020 and 2019:

## (f) Endowment Funds

The State of Mississippi adopted the UPMIFA effective July 1, 2012. The foundation's board of directors has determined its donor agreements provide for the preservation of the fair value of the original gift as of the date of the gift. As a result, the foundation segregates within the net asset class with donor restrictions, the original gift amount and amounts required to be retained by donor separate from the portion subject to appropriation.

Endowment net asset composition by type of fund as of June 30, 2020 and 2019 is as follows:

# Notes to Financial Statements June 30, 2020 and 2019

#### (g) Funds with Deficiencies

When unfavorable market fluctuations cause the fair value of certain donor-restricted endowments to be less than the historical cost (original gift/book value) of such funds, the fund is considered to be underwater, and this deficiency is recorded in net assets with donor restrictions. At June 30, 2020, 31 funds were underwater with an original gift value of \$1,117,720, fair value of \$1,103,898 and deficiencies of \$13,822 which are reported in net assets with donor restrictions. At June 30, 2019, there were no funds underwater.

# STATE OF MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING

Notes to Required Supplementary Information (Unaudited)

June 30, 2020 and 2019

# 1. Net pension liability

# (a) Schedule of Proportionate Share of the Net Pension Liability

This schedule presents historical trend information about the IHL System's proportionate share of the net pension liability for its employees who participate in the PERS. The net pension liability is measured as the total pension liability less the amount of the fiduciary net position of the plan. Trend information will be accumulated to display a ten-year presentation.

# (b) Schedule of Proportionate Share of Contributions to the PERS defined benefit plan

The required contributions and percentage of those contributions actually made are presented in the schedule. Trend information will be accumulated to display a ten-year presentation.

# (c) Changes of Assumptions and in Benefit Provisions (pension plan)

Changes of assumptions:

#### 2020

- The expectation of retired life mortality was changed to the PubS.H-2010(B) Retiree Table with the following adjustments:
  - o For males, 112% of male rates from ages 18 to 75 scaled down to 105% for ages 80 to 119;
  - o For females, 85% of the female rates from ages 18 to 65 scaled up to 102% for ages 75 to 119; and
  - o Projection scale MP-2018 will be used to project future improvements in life expectancy generationally.
- The expectation of disabled mortality was changed to PubT.H-2010 Disabled Retiree Table for disabled retirees with the following adjustments:
  - o For males, 137% of male rates at all ages;
  - o For females, 115% of female rates at all ages; and
  - o Projection scale MP-2018 will be used to project future improvements in life expectancy generationally.
- The price inflation assumption was reduced from 3.00% to 2.75%;
- The wage inflation assumption was reduced from 3.25% to 3.00%;
- Withdrawal rates, pre-retirement mortality rates, and service retirement rates were also adjusted to more closely reflect actual experience; and
- The percentage of active member disabilities assumed to be in the line of duty was increased from 7% to 9%.

#### 2018

- The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Mortality Table projected with Scale BB to 2022;
- The wage inflation assumption was reduced from 3.75% to 3.25%;
- Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience; and
- The percentage of active member disabilities assumed to be in the line of duty was increased from 6% to 7%.

# 2017

The assumed rate of interest credited to employee contributions was changed from 3.50% to 2.00%.

### 2016

- The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Table projected to 2016 using Scale BB rather than the RP-2000 Mortality Table, which was used prior to 2016;
- The expectation of disabled mortality was changed to the RP-2014 Disabled Retiree Table, rather than the RP-2000 Disabled Mortality Table, which was used prior to 2016;

# STATE OF MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING

# Notes to Required Supplementary Information (Unaudited)

June 30, 2020 and 2019

- Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience;
- Assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience; and
- The price inflation and investment rate of return assumptions were changed from 3.50% to 3.00% and 8.00% to 7.75%, respectively.

Change in benefit provisions:

#### 2017

• Effective July 1, 2016, the interest rate on employee contributions shall be calculated based on the money market rate as published by the Wall Street Journal on December 31 of each preceding year with a minimum rate of one percent and a maximum rate of five percent.

# 2. Net OPEB liability

# (a) Schedule of Proportionate Share of the Net OPEB Liability

This schedule presents historical trend information about the IHL System's proportionate share of the net OPEB liability for its employees who participate in the State and School Employees' Life and Health Insurance Plan. The net OPEB liability is measured as the total OPEB liability less the amount of the fiduciary net position of the plan. Trend information will be accumulated to display a ten-year presentation.

# (b) Schedule of Proportionate Share of Employer Contributions to the State and School Employees' Life and Health Insurance Plan

The required contributions and percentage of those contributions actually made are presented in the schedule. Trend information will be accumulated to display a ten-year presentation.

### (c) Changes of Assumptions and to Benefit Terms (OPEB plan)

Changes of assumptions: In 2019, the SEIR was changed from 3.56% for the prior measurement date to 3.89% to the current measurement date. In 2020, the SEIR was changed from 3.89% for the prior measurement date to 3.50% to the current measurement date.

Changes to benefit terms: Amounts reported for fiscal years 2020 and 2019 reflect no changes to benefit terms.

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Trustees State of Mississippi Institutions of Higher Learning Jackson, Mississippi

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the aggregate discretely presented component units of the State of Mississippi Institutions of Higher Learning (the IHL System), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the IHL System's basic financial statements, and have issued our report thereon dated December 18, 2020. Our report includes a reference to other auditors who audited the financial statements of the Mississippi State University Foundation, Inc., the University of Mississippi Foundation, the University of Mississippi Educational Building Corporation, the University of Mississippi Medical Center Tort Claims Fund, the State Institutions of Higher Learning Self-Insured Workers' Compensation Fund, and the State Institutions of Higher Learning Tort Liability Fund, as described in our report on State of Mississippi Institutions of Higher Learning's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

The financial statements of the Mississippi State University Foundation, Inc., the University of Mississippi Foundation, the University of Southern Mississippi Foundation, the University of Mississippi Medical Center Tort Claims Fund, the State Institutions of Higher Learning Self-Insured Workers' Compensation Fund, and the State Institutions of Higher Learning Tort Liability Fund were not audited in accordance with *Government Auditing Standards*.

# **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the IHL System's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the IHL System's internal control. Accordingly, we do not express an opinion on the effectiveness of the IHL System's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

The Board of Trustees State of Mississippi Institutions of Higher Learning

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

# **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the IHL System's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

# **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the IHL System's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the IHL System's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

The Board of Trustees State of Mississippi Institutions of Higher Learning Jackson, Mississippi

# Report on Compliance for Each Major Federal Program

We have audited the State of Mississippi Institutions of Higher Learning (the IHL System)'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the IHL System's major federal programs for the year ended June 30, 2020. The IHL System's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

# Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

# Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the IHL System's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the IHL System's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the IHL System's compliance.

# Opinion on Each Major Federal Program

In our opinion, the IHL System complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

### Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2020-001 through 2020-005. Our opinion on each major federal program is not modified with respect to these matters.

The IHL System's responses to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The IHL System's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

# **Report on Internal Control Over Compliance**

Management of the IHL System is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the IHL System's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the IHL System's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify certain deficiencies in internal control over compliance, described in the accompanying schedule of findings and questioned costs as items 2020-001 through 2020-005, that we consider to be significant deficiencies.

The IHL System's responses to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The IHL System's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

# Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the business-type activities and the aggregate discretely presented component units of the IHL System as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the IHL System's basic financial statements. We issued our report thereon dated December 18, 2020, which contained unmodified opinions on those financial statements. We did not audit the financial statements of the Mississippi State University Foundation, Inc., the University of Mississippi Foundation, the University of Mississippi Educational Building Corporation, the University of Mississippi Medical Center Tort Claims Fund, the State Institutions of Higher Learning Self-Insured Workers' Compensation Fund, and the State Institutions of Higher Learning Tort Liability Fund. Those financial statements, which reflect approximately 5.0%, 1.5% and 0.7% of the assets, net position and revenues of the IHL System's business-type activities and 89.5%, 89.2% and 88.2% of assets, net assets and revenues of the aggregate discretely presented component units as of and for the year ended June 30, 2020, were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it related to the amounts included for the above mentioned entities/funds, is based solely on the reports of the other auditors.

Clifton Larson Allen LLP

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our report and the reports of other auditors, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

CliftonLarsonAllen LLP

# NOTE 1 BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the schedule) presents the activity of all federal financial assistance programs administered by the State of Mississippi Institutions of Higher Learning (the IHL System) for the year ended June 30, 2020. Federal financial assistance received directly from federal agencies as well as federal financial assistance passed through other government agencies is included in the schedule. Federal programs included in the schedule are accounted for using the economic resources measurement focus and the accrual basis of accounting, which is described in Note 1 to the IHL System's financial statements. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

The schedule was prepared using the same basis of accounting and significant accounting policies, as applicable, used by the IHL System in the preparation of its financial statements with the following exceptions:

- For purposes of the schedule, loans advanced from the Federal Perkins Loan Program (CFDA #84.038) are presented as federal expenditures. These loans are not reported as expenditures on the IHL System's financial statements, but as an increase in notes receivable. The outstanding loan balances and the allowance for uncollectible amounts for the loan programs at June 30, 2020, are presented in Note 4 to the financial statements.
- For purposes of this schedule, loans made to students under the Federal Direct Student Loan Program (CFDA #84.268) are presented as federal expenditures. Neither the funds advanced to students, nor the outstanding loan balance is included in the IHL System's financial statements since the loans are made and subsequently collected by private lending institutions and/or the federal government.

### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. Pass-through entity identifying numbers are presented where available.
- B. The IHL System charges indirect costs based on a negotiated agreement and has not elected to use the 10% de minimis indirect cost rate as outlined in the Uniform Guidance.

### NOTE 3 GRANTORS' RIGHT TO AUDIT

Expenditures related to federal grants and contracts are subject to adjustment based upon review by the granting agencies. Amounts of expenditures that granting agencies might disallow cannot be determined at this time. These amounts affect government grants and contract revenue as well as facilities and administrative cost recovery. The IHL System would not expect these costs to influence its financial position or the schedule significantly.

# NOTE 4 STUDENT LOAN PROGRAMS

During the year ended June 30, 2020, the IHL System processed the following amount of new loans under the Federal Direct Lending Program.

| CFDA Number | Program Name           | Loan Expenditures |
|-------------|------------------------|-------------------|
| 84.268      | Federal Direct Lending | \$471,132,153     |

In addition, the IHL System administers a series of loan programs as part of the Student Financial Assistance Cluster program. Loan balances subject to continuing compliance requirements during the year ended June 30, 2020 under the Federal Perkins Loan (Perkins), Health Professions Student Loans (HPSL) and Nursing Faculty Loan (NFLP) programs were as follows:

|                               | <u>Per</u> | kins (84.038) | <u>HP</u> | SL (93.342) | NFLP (93.264) |           |  |

# STATE OF MISSISSIPPI INSTITUTIONS OF HIGHER LEARNING SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2020

| Section II - | - Financial | Statement | <b>Findings</b> |
|--------------|-------------|-----------|-----------------|
|--------------|-------------|-----------|-----------------|

Our audit did not disclose any matters required to be reported in accordance with Government Auditing Standards.

### Section III – Findings and Questioned Costs – Major Federal Programs

#### 2020 - 001: Higher Education Emergency Relief Fund (HEERF) Reporting

Federal agency: U.S. Department of Education Federal program title: Education Stabilization Funds

CFDA Number: 84.425E

Award Period: July 1, 2019 to June 30, 2020

Type of Finding: Significant Deficiency in Internal Control Over Compliance, Other Matters

Applicable Campus(es): Alcorn State University, Jackson State University

#### **Criteria or specific requirement:**

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: Pursuant to the Department of Education Information for Financial Aid Professionals (IFAP) Electronic Announcement (EA) posted on May 6, 2020, institutions that received a HEERF 18004(a)(1) Student Aid Portion award to publicly post certain information on their website no later than 30 days from the date of the institution's Certification and Agreement to the Department.

#### Condition:

- ASU: The required initial reporting was not submitted within the 30-day requirement.
- JSU: The required initial reporting was not publicly posted to the institution's website.

**Questioned costs: None** 

**Context:** The applicable campuses submitted its initial reporting as follows:

| Applicable<br>Campus | Certification and<br>Agreement Date | Initial Reporting Date | Number of Days   |
|----------------------|-------------------------------------|------------------------|------------------|
| ASU                  | 4/14/20                             | 8/24/20                | 94 business days |
| JSU                  | 5/19/20                             | 9/30/20                | 95 business davs |

#### Cause:

- ASU: Dr. Felicia Nave, President of Alcorn State University, submitted a memo to Ms. Kim Gallaspy,
  Assistant Commissioner for Government Relations, on May 26, 2020. The memo acknowledged the receipt of
  the funds and a detailed outline of how funds will be used. However, the memo was not posted to ASU's
  website until August 24, 2020. In the midst of urgent and novel response to the Coronavirus pandemic
  including working remotely, resulted in an inadvertent delay of requisite posting of the information on the
  website. As soon as it was revealed that this requirement existed and was not completed, the information was
  posted without delay.
- JSU: The condition was due to an oversight on the part of the University.

**Effect:** The institutions are not meeting the reporting and information-sharing requirements determined by the Department of Education. As a result, the institution may be subject to additional enforcement actions by the Department of Education including a delay in funding for additional HEERF programs and up to being determined ineligible for other program funding.

Repeat Finding: No

**Recommendation:** We recommend the institutions obtain an understanding of the reporting requirements established by the grant and develop a calendar to ensure timely reporting.

## Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

#### 2020 - 002: Equipment

Federal agency: Department of Health and Human Services

Federal program title: Science Teaching Excites Medical Interest (STEMI)

CFDA Number: 93.859

Award Period: July 1, 2019 to June 30, 2020

Type of Finding: Significant Deficiency in Internal Control Over Compliance, Other Matters

Applicable Campus(es): University of Mississippi Medical Center

#### Criteria or specific requirement:

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: Per 2 CFR 200.313, a control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft must be investigated.

**Condition:** Equipment was unable to be located for physical inspection.

**Questioned costs: \$897** 

**Context:** This condition occurred for three out of 60 equipment items tested in our statistically valid sample.

**Cause:** Due to a Workday implementation in 2019 and COVID-19 during 2020, UMMC was unable to successfully perform a physical inventory within the past two years.

Effect: Inventory may not be properly stated.

Repeat Finding: No

**Recommendation:** We recommend that the institution ensure its internal controls are operating effectively to ensure the existence of purchased equipment and further perform a physical inventory on a timely basis.

## Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

#### 2020 - 003: Indirect Costs

Federal agency: Department of Health and Human Services

Federal program title: Science Teaching Excites Medical Interest (STEMI)

CFDA Number: 93.859

Award Period: July 1, 2019 to June 30, 2020

Type of Finding: Significant Deficiency in Internal Control Over Compliance, Other Matters

Applicable Campus(es): University of Mississippi Medical Center

#### Criteria or specific requirement:

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: Per 2 CFR § 200.403, except where otherwise authorized by statute, costs must meet the following general criteria to be allowable under Federal awards: (a) Be necessary and reasonable for the performance of the Federal award to be allocable thereto under these principles. (b) Conform to any limitations or exclusions set forth in these principles or in the Federal award regarding types or amount of cost items. (c) Be consistent with policies and procedures that apply uniformly to both federally-financed and other activities of the non-Federal entity. (d) Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost. (e) Be determined in accordance with generally accepted accounting principles (GAAP), except for state and local governments and Indian tribes only, as otherwise provided for in this part. (f) Not be included as a cost or used to meet cost sharing or matching requirements of any other federally-financed program in either the current or a prior period. See also §200.306 Cost sharing or matching paragraph (b). (g) Be adequately documented. See also §200.300 Statutory and national policy requirements through 200.309 Period of performance of this part.

**Condition:** Indirect cost expense was improperly calculated.

Questioned costs: \$1,959

Context: This condition occurred for one out of nine indirect costs tested in our statistically valid sample.

Cause: The calculation for indirect cost expense was not reviewed in a timely manner.

Effect: Indirect costs may be incorrectly charged to the program.

Repeat Finding: No

**Recommendation:** We recommend that the entity strengthen its internal controls to ensure that calculations are reviewed and adjusted for, if necessary, in a more timely manner.

## Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

#### 2020 - 004: Equipment Inventory

Federal agency: Department of Health and Human Services

Federal program title: Mississippi Center for Clinical and Translational Research, Genetic determinants of

hypertension-induced cerebral vascular dysfunction, EEG Telemetry in Monkeys: Potential Markers of Benzodiazepine Action, 3D Spheroid Model of Adipose Pathophysiology, Astrocytes and the pathology of nodes of Ranvier in depression, Science Teaching Excites Medical Interest (STEMI), Fractal Analysis of Ceramic

FPDs, Midbrain Circuitry for Neuronal Control of Gaze 93.859, 93.837, 93.279, 93.286, 93.242, 93.121, 93.867

CFDA Number: 93.859, 93.837, 93.279, 93.286, 93.242, 9 Award Period: July 1, 2019 to June 30, 2020

Type of Finding: Significant Deficiency in Internal Control Over Compliance, Other Matters

Applicable Campus(es): University of Mississippi Medical Center

### Criteria or specific requirement:

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: Per 2 CFR § 200.313 a physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.

Condition: UMMC did not perform a physical inventory within the past two years.

**Questioned costs: None** 

Context: This condition occurred for 22 out of 60 equipment items tested in our statistically valid sample.

**Cause:** Due to a Workday implementation in 2019 and COVID-19 during 2020, UMMC was unable to successfully perform a physical inventory within the past two years.

**Effect:** Inventory may not be properly stated.

Repeat Finding: No

**Recommendation:** We recommend that the entity ensure its internal controls are operating effectively and perform a physical inventory on a timely basis.

## Section III – Findings and Questioned Costs – Major Federal Programs (Continued)

#### 2020 - 005: CARES Disbursements

Federal agency: U.S. Department of Education Federal program title: Education Stabilization Fund

CFDA Number: 84.425F

Award Period: July 1, 2019 to June 30, 2020

Type of Finding: Significant Deficiency in Internal Control Over Compliance, Nonmaterial

Noncompliance

Applicable Campus(es): Alcorn State University

### Criteria or specific requirement:

Control: Per 2 CFR section 200.303(a), a non-Federal entity must: Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Compliance: Per 2 CFR § 200.403, except where otherwise authorized by statute, costs must meet the following general criteria to be allowable under Federal awards: (a) Be necessary and reasonable for the performance of the Federal award to be allocable thereto under these principles. (b) Conform to any limitations or exclusions set forth in these principles or in the Federal award regarding types or amount of cost items. (c) Be consistent with policies and procedures that apply uniformly to both federally-financed and other activities of the non-Federal entity. (d) Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost. (e) Be determined in accordance with generally accepted accounting principles (GAAP), except for state and local governments and Indian tribes only, as otherwise provided for in this part. (f) Not be included as a cost or used to meet cost sharing or matching requirements of any other federally-financed program in either the current or a prior period. See also §200.306 Cost sharing or matching paragraph (b). (g) Be adequately documented. See also §200.300 Statutory and national policy requirements through 200.309 Period of performance of this part.

Condition: Expenses that were never disbursed to the payee were improperly charged to the program.

Questioned costs: \$24,696

**Context:** This condition occurred for two of eight disbursements selected for testing in our statistically valid sample.

Cause: The accounting office posted a journal voucher as an expenditure when in fact it was an open purchase order.

**Effect:** Expenditures may be incorrectly charged to the program.

Repeat Finding: No

**Recommendation:** We recommend that the entity strengthen its internal controls to ensure that expenditures are reviewed and adjusted for, if necessary, in a more timely manner.

# ALCORN STATE UNIVERSITY CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2020

## U.S. Department of Education

Alcorn State University respectfully submits the following corrective action plan for the year ended June 30, 2020.

Audit period: July 1, 2019 - June 30, 2020

The findings from the schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

### FINDINGS—FEDERAL AWARD PROGRAMS AUDITS

## U.S. Department of Education

2020-001 Education Stabilization Fund – CFDA No. 84.425E

Recommendation: We recommend the institutions obtain an understanding of the reporting requirements established by the grant and develop a calendar to ensure timely reporting.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The Institution ensures that an understanding of the reporting requirements has been established and a calendar has been developed to ensure timely reporting.

Name(s) of the contact person(s) responsible for corrective action: Sallie R. McMillian

Planned completion date for corrective action plan: August 24, 2020

If the U.S. Department of Education has questions regarding this plan, please call Sallie R. McMillian at 601-877-6377.

Planned completion date for corrective action plan: 06/07/2021

If the U.S. Department of Education has questions regarding this plan, please call Illiad Kelly or Tiffany Robinson at 601.979.2056 or 601.979.6802.

Should you need additional information or have further questions, please let us know.

Thanks,

Illiad Kelly, Director Unit of Grants and Contracts Management Illiad.l.kelly@jsums.edu

# UNIVERSITY OF MISSISSIPPI MEDICAL CENTER CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2020

Department of Health and Human Services

University of Mississippi Medical Center respectfully submits the following corrective action plan for the year ended June 30, 2020.

Audit period: July 1, 2019 – June 30, 2020

The findings from the schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

### FINDINGS—FEDERAL AWARD PROGRAMS AUDITS

U.S. Department of Health and Human Services

2020-002: Equipment

Science Teaching Excites Medical Interest (STEMI) – CFDA No. 93.859

Recommendation: We recommend that the institution ensure its internal controls are operating effectively to ensure the existence of purchased equipment and further perform a physical inventory on a timely basis.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: An audit of the physical inventory of all cost centers with assets will be scheduled and conducted by Property Control on a rolling basis over a two year period so that all cost center physical inventories will be audited by Property Control every two years.

Name(s) of the contact person(s) responsible for corrective action: John W. Russell

Planned completion date for corrective action plan: July 1, 2021

If the U.S. Department of Health and Human Services has questions regarding this plan, please call John W. Russell at 601-984-1326.

# UNIVERSITY OF MISSISSIPPI MEDICAL CENTER CORRECTIVE ACTION PLAN YEAR ENDED JUNE 30, 2020

Department of Health and Human Services

University of Mississippi Medical Center respectfully submits the following corrective action plan for the year ended June 30, 2020.

Audit period: July 1, 2019 – June 30, 2020

The findings from the schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

### FINDINGS—FEDERAL AWARD PROGRAMS AUDITS

U.S. Department of Health and Human Services

2020-003: Science Teaching Excites Medical Interest (STEMI)

Science Teaching Excites Medical Interest (STEMI)- CFDA No. 93.350

Recommendation: We recommend that the entity strengthen its internal controls to ensure that calculations are reviewed and adjusted for, if necessary, in a more timely manner.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The incorrect indirect cost expense has been adjusted and corrected in the letter of credit drawdown for the award. An internal interim annual financial review will be conducted on awards that do not require an annual financial report to ensure indirect costs are charging correctly.

Name(s) of the contact person(s) responsible for corrective action: Sam Smith

Planned completion date for corrective action plan: The action plan will be implemented by July 31<sup>st</sup>, 2021.

If the U.S. Department of Health and Human Services has questions regarding this plan, please call Sam Smith at 601-984-1065.
