Get the coverage you need.

Individual short term disability insurance is offered to all eligible employees ages 17 to 69⁴ who are actively at work. You decide if it's right for you.

Four reasons to buy this coverage at work

- 1. You own the policy so you can keep it even if you leave the company or retire. Unum will bill you directly for the same premium amount.
- 2. Coverage becomes effective on the first day of the month in which payroll deductions begin.
- 3. Your policy is guaranteed renewable, until age 72, as long as you pay the premiums on time.
- 4. Affordable premiums are based on your age on the policy effective date and are deducted from your paycheck.

Get the options you need

You can choose from the following options:

Benefit period

If you become disabled, this is the maximum amount of time you can receive benefits for a covered disability.

Elimination period

This is the number of days that must pass between your first day of a covered disability and the day you can begin to accrue your disability benefits.

Benefit amount

Choose a monthly benefit between \$400 and \$5,000 for an off-the-job illness or injury disability. Coverage of up to 60%⁵ of your gross monthly salary may be offered.

Features that add value

Waiver of premium — included at no extra charge for covered injuries and illnesses. It means you don't have to pay your premiums after 90 days of total disability or the elimination period (whichever is longer). They'll be waived as long as the disability continues, up to the maximum benefit period.

Policy provisions

Pre-existing condition limitation — If you have a pre-existing condition* within a 12-month⁶ period before your coverage effective date, benefits will not be paid for a disability period if it begins during the first 12 months⁷ the policy is in force.

*A pre-existing condition is a condition for which symptoms existed (within 12 months before your coverage effective date) that would cause a person to seek treatment from a physician or for which a person was treated or received medical advice from a physician, or took prescribed medicine. The determination on whether your condition qualifies as pre-existing will be based on the date of disability and not the date you notify Unum.

Pregnancy⁸ — Nine months after coverage becomes effective, pregnancy is considered the same as any other covered illness. The available monthly benefits will be paid upon fulfillment of the elimination period. Benefits will not be paid if the insured individual gives birth within nine months after the coverage becomes effective. However, medical complications of pregnancy may be considered as any other covered sickness, subject to the pre-existing condition limitation.
