

If you weather a serious disability, could your finances ride out the storm?

Unum's Long Term Care (LTC) Rider can help you protect your savings.

Protecting long term plans

Marcia's savings are modest, but she's worked hard for every penny. She wants to travel to Italy, pay for her daughter's wedding, and leave something behind for those she loves. But she's seen how quickly the cost of long term care can deplete a lifetime of savings. She wants to make sure a traumatic accident or illness won't scramble her nest egg.

Benefits for the long haul

Thanks to modern medicine, people are now living longer and surviving very serious health problems. But that can mean long-term treatment in a nursing home or assisted living facility. And the same care that saves your life can devastate your savings.

You may be surprised to learn that this care isn't covered by health or other insurance policies. Or that waiting for "later" to buy a long term care policy may make things worse. In fact, the younger you are, the less expensive this coverage is.

By adding a Long Term Care Rider to your life insurance policy, you can help protect your savings pool from the drain of this expensive care. And you can choose from several additional options that can extend or increase your LTC benefits. Most importantly, this coverage allows you to use the benefit whether you receive care at home, in a long term care facility, an assisted living facility, an adult day care, or in a nursing home.
