NEONATAL-PERINATAL MEDICINE CLINICAL PRIVILEGES

Name: _____

Page 1

- ☐ Initial Appointment
- ☐ Reappointment

All new applicants must meet the following requirements as approved by the governing body effective: 8/5/2015.

Applicant: Check off the "Requested" box for each privilege requested. Applicants have the burden of producing information deemed adequate by the Hospital for a proper evaluation of current competence, current clinical activity, and other qualifications and for resolving any doubts related to qualifications for requested privileges.

Department Chair: Check the appropriate box for recommendation on the last page of this form. If recommended with conditions or not recommended, provide condition or explanation on the last page of this form.

Other Requirements

- Note that privileges granted may only be exercised at the site(s) and/or setting(s) that have the appropriate equipment, license, beds, staff and other support required to provide the services defined in this document. Site-specific services may be defined in hospital and/or department policy.
- This document is focused on defining qualifications related to competency to exercise clinical privileges. The applicant must also adhere to any additional governance (MS Bylaws, Rules and Regulations) organizational, regulatory, or accreditation requirements that the organization is obligated to meet.

QUALIFICATIONS FOR NEONATAL-PERINATAL MEDICINE

To be eligible to apply for core privileges in neonatal-perinatal medicine, the initial applicant must meet the following criteria:

Current subspecialty certification in neonatal-perinatal medicine by the American Board of Pediatrics or in neonatology by the American Osteopathic Board of Pediatrics.

OR

Successful completion of an Accreditation Council for Graduate Medical Education (ACGME) or American Osteopathic Association (AOA) accredited fellowship in neonatal perinatal medicine or neonatology and active participation in the examination process with achievement of certification within 5 years of completion of formal training leading to subspecialty certification in neonatal-perinatal medicine by the American Board of Pediatrics or in neonatology by the American Osteopathic Board of Pediatrics.

Required Previous Experience: Applicants for initial appointment must be able to demonstrate provision of inpatient or consultative services, reflective of the scope of privileges requested, to a sufficient volume of neonatal patients, during the past 24 months or demonstrate successful completion of an ACGME or AOA accredited residency, clinical fellowship, or research in a clinical setting within the past 12 months.

NEONATAL-PERINATAL MEDICINE CLINICAL PRIVILEGES

Name: _____

Page 2

Reappointment Requirements: To be eligible to renew core privileges in neonatal-perinatal medicine, the applicant must meet the following maintenance of privilege criteria:

Current demonstrated competence and a sufficient volume of experience (neonatal patients) with acceptable results, reflective of the scope of privileges requested, for the past 24 months based on results of ongoing professional practice evaluation and outcomes. Evidence of current ability to perform privileges requested is required of all applicants for renewal of privileges. Medical Staff members whose board certificates neonatal-perinatal medicine or neonatology bear an expiration date shall successfully complete recertification no later than three (3) years following such date. For members whose certifying board requires maintenance of certification in lieu of renewal, maintenance of certification requirements must be met, with a lapse in continuous maintenance of no greater than three (3) years.

CORE PRIVILEGES

NEONATAL-PERINATAL MEDICINE CORE PRIVILEGES

- ☐ **Requested** Admit, evaluate, diagnose, treat and provide consultation to all newborns, including those who present with severe and complex life-threatening problems such as respiratory failure, shock, congenital abnormalities and sepsis and provide consultation to mothers with high risk pregnancies. May provide care to patients in the newborn nursery and neonatal intensive care unit in conformance with unit policies. Assess, stabilize, and determine disposition of patients with emergent conditions consistent with medical staff policy regarding emergency and consultative call services. The core privileges in this specialty include the procedures on the attached procedure list.

SPECIAL NON-CORE PRIVILEGES (SEE SPECIFIC CRITERIA)

If desired, Non-Core Privileges are requested individually in addition to requesting the Core. Each individual requesting Non-Core Privileges must meet the specific threshold criteria governing the exercise of the privilege requested including training, required previous experience, and for maintenance of clinical competence.

ADMINISTRATION OF SEDATION AND ANALGESIA

- ☐ **Requested** See Hospital Policy for Procedural Sedation by Non-Anesthesiologists for additional information.

•

Section One--INITIAL REQUESTS ONLY:

- ☐ Completion of residency or fellowship in anesthesiology, emergency medicine or critical care **-OR-**
- ☐ Completion of residency or fellowship within the past year in a clinical subspecialty that provides training in procedural sedation training **-OR-**
- ☐ Demonstration of prior clinical privileges to perform procedural sedation along with a good-faith estimate of at least 20 such sedations performed during the previous year (the estimate should include information about each type of procedure where sedation was administered with a list of any adverse events related to the sedation during those cases, including causal analysis, treatment, and outcome:

-OR-

- ☐ Successful completion (within six months of application for privileges) of a UMHC-approved procedural sedation training and examination course that includes practical training and examination under simulation conditions.

• **Section Two--INITIAL AND RE-PRIVILEGING REQUESTS:**

- ☐ Successful completion of the UMHC web based Procedural Sedation Course/Exam initially and at least once every two years **-AND-**

Provision of a good-faith estimate of the number of instances of each type of procedure where sedation is administered with a list of any adverse events related to the sedation during those cases, including causal analysis, treatment, and outcome:

-AND-

- ☐ ACLS, PALS and/or NRP, as appropriate to the patient population. **(Current)**

-OR-

ULTRASOUND-GUIDED CENTRAL LINE INSERTION

- ☐ **Requested** See Medical Staff Policy for Ultrasound-Guided Central Line Insertion for additional information.

Initial Privileging:

As for core privileges plus:

- Completion of a UMMC ultrasound-guided central line insertion Healthstream learning module; and
- Completion of ultrasound-guided central line insertion simulation training in the UMMC Simulation and Interprofessional Education Center; and
- Focused professional practice evaluation to include proctoring of the ultrasound-guided insertion of at least 5 central lines (femoral or internal jugular) within the first 6 months of appointment

Reprivileging:

As for core privileges plus:

- Completion of a UMMC ultrasound-guided central line insertion Healthstream learning module; and
- Performance of at least 10 ultrasound-guided central line insertions in the past 24 months;

If volume requirements are not met, the following may substitute:

- Completion of ultrasound-guided central line insertion simulation training in the UMMC Simulation and Interprofessional Education Center; and

CORE PROCEDURE LIST

To the applicant: If you wish to exclude any procedures, please strike through those procedures which you do not wish to request, initial, and date.

- Attendance at delivery of high risk newborns
- Airway maintenance intubation
- Basic and advanced cardiopulmonary resuscitation
- Bone marrow aspiration
- Bladder catheterization
- Burns, superficial
- Cardiac life support, including emergent cardioversion
- Endotracheal intubation
- Evaluation of oliguria
- Exchange transfusion
- Fluid, electrolyte management
- I & D abscess
- Insertion and management of central lines (femoral and internal jugular access require special privileges for ultrasound guided central line insertion)
- Insertion and management of chest tubes
- Interpretation of antibiotic levels and sensitivities
- Local anesthetic techniques
- Lumbar puncture
- Maintenance of circulation with arterial puncture and blood sampling
- Manage uncomplicated minor closed fractures and uncomplicated dislocations
- Management of anaphylaxis and acute allergic reactions
- Management of the immunosuppressed patient
- Minor laceration repair
- Monitoring and assessment of metabolism and nutrition
- Order respiratory services
- Order rehab services
- Paracentesis, Thoracentesis, Pericardiocentesis
- Perform history and physical exam
- Perform simple skin biopsy or excision
- Perform waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal pH by paper methods
- Peripheral arterial artery catheterization
- Peritoneal dialysis w/consultation as appropriate
- Pharmacokinetics
- Pre and Post operative care of newborns
- Preliminary EKG interpretation
- Remove non-penetrating foreign body from the eye, nose, or ear
- Suprapubic bladder tap
- Telehealth
- Umbilical catheterization (arterial and venous)
- Use of reservoir masks and continuous positive airway pressure masks for delivery of supplemental oxygen, humidifiers, nebulizers, and incentive spirometry.

ACKNOWLEDGEMENT OF PRACTITIONER

I have requested only those privileges for which by education, training, current experience, and demonstrated performance I am qualified to perform and for which I wish to exercise at University Hospital and Health System, University of Mississippi Medical Center, and I understand that:

- a. In exercising any clinical privileges granted, I am constrained by Hospital and Medical Staff policies and rules applicable generally and any applicable to the particular situation.
- b. Any restriction on the clinical privileges granted to me is waived in an emergency situation and in such situation my actions are governed by the applicable section of the Medical Staff Bylaws or related documents.

Signed _____ **Date** _____

DIVISION CHIEF'S RECOMMENDATION (AS APPLICABLE)

I have reviewed the requested clinical privileges and supporting documentation for the above-named applicant. To the best of my knowledge, this practitioner's health status is such that he/she may fully perform with safety the clinical activities for which he/she is being recommended. I make the following recommendation(s):

- ☐ Recommend all requested privileges.
- ☐ Recommend privileges with the following conditions/modifications:
- ☐ Do not recommend the following requested privileges:
