Department ______________________

Specialty ______________________

All new applicants must meet the following requirements as approved by the governing body effective: 04/01/2015

Applicant: Check off the “Requested” box for each privilege requested. Applicants have the burden of producing information deemed adequate by the Hospital for a proper evaluation of current competence, current clinical activity, and other qualifications and for resolving any doubts related to qualifications for requested privileges.

Department Chair: Check the appropriate box for recommendation on the last page of this form. If recommended with conditions or not recommended, provide condition or explanation on the last page of this form.

Other Requirements

- Note that privileges granted may only be exercised at the site(s) and/or setting(s) that have the appropriate equipment, license, beds, staff and other support required to provide the services defined in this document. Site-specific services may be defined in hospital and/or department policy.

- This document is focused on defining qualifications related to competency to exercise clinical privileges. The applicant must also adhere to any additional governance (MS Bylaws, Rules and Regulations) organizational, regulatory, or accreditation requirements that the organization is obligated to meet.

QUALIFICATIONS FOR NEONATAL NURSE PRACTITIONERS

To be eligible to apply for core privileges as a neonatal nurse practitioner, the initial applicant must meet the following criteria:

Current certification as a Neonatal Nurse Practitioner by the National Certification Corporation (NCC), or an equivalent body as required by licensure;

Required Previous Experience: Applicants for initial appointment must be able to demonstrate clinical experience as a Neonatal Nurse Practitioner during the past 24 months or demonstrate successful completion of an accredited Neonatal Nurse Practitioner program within the past 12 months.

Reappointment Requirements: To be eligible to renew core privileges as a neonatal nurse practitioner, the applicant must meet the following maintenance of privilege criteria:

Current demonstrated competence and an adequate volume of experience, with acceptable results, reflective of the scope of privileges requested, for the past 24 months based on results of ongoing professional practice evaluation. Evidence of current ability to perform privileges requested is required of all applicants for renewal of privileges.

CORE PRIVILEGES

NEONATAL NURSE PRACTITIONER CORE PRIVILEGES

☐ Requested

Assess, evaluate, diagnose, treat, and provide consultation patients of the ages approved by specialty certification. Provide care to patients in the intensive care setting in conformance with unit policies and in accordance with privileges held by the collaborating physician. Initiate emergency resuscitation and stabilization measures on any patient. Order and interpret appropriate diagnostic tests. Perform evaluations. Change or discontinue medical treatment plans. Prescribe, initiate, and monitor all medications which APRNs are authorized to prescribe in Mississippi. Initiate consultation for and monitor patients during special tests. May write orders in the medical record, including standing orders in collaboration with a physician; may record pertinent data on the medical record, including progress notes and discharge summaries; and may conduct patient/family education and counseling. The core privileges in this specialty include the procedures on the attached procedure list.

SPECIAL NON-CORE PRIVILEGES (SEE SPECIFIC CRITERIA)

If desired, Non-Core Privileges are requested individually in addition to requesting the Core. Each individual requesting Non-Core Privileges must meet the specific threshold criteria governing the exercise of the privilege requested including training, required previous experience, and/or maintenance of clinical competence.

Criteria: As for core, plus any non-core privileges require Mississippi Board of Nursing approval. Written approval from the Mississippi Board of Nursing should be submitted to the Medical Staff Office, along with documentation that was submitted to the Board when requesting approval to perform the procedure. For privileges that require on-site training, there must be documentation that the Board has been notified and the request is pending submission of on-site training. Required Previous Experience: Applicants for initial appointment must demonstrate performance of a sufficient number of each procedure during the past 24 months or demonstrate successful completion of an accredited Neonatal Nurse Practitioner program within the past 12 months that included training in each requested item. Additionally, applicants must meet any additional proctoring requirements noted with each specific privilege. If the applicant will be trained in the procedure after being privileged at UHHS, all procedures included during training must be proctored and the appropriate documents submitted to the Credentials Committee for review. (The provider may not perform any un-proctored procedures until the Credentials Committee, MEC and Board have reviewed and approved the outcomes of the FPPE or preceptorship for the privilege.) Maintenance of Privilege: Demonstrated current competence and evidence of the successful performance of a sufficient number of each requested procedure in the past 24 months based on results of ongoing professional practice evaluation and outcomes.
