GASTROENTEROLOGY CLINICAL PRIVILEGES

Name: ________________________________  Page 1

☐ Initial Appointment
☐ Reappointment

All new applicants must meet the following requirements as approved by the governing body effective: 8/5/2015

Applicant: Check off the “Requested” box for each privilege requested. Applicants have the burden of producing information deemed adequate by the Hospital for a proper evaluation of current competence, current clinical activity, and other qualifications and for resolving any doubts related to qualifications for requested privileges.

Department Chair: Check the appropriate box for recommendation on the last page of this form. If recommended with conditions or not recommended, provide condition or explanation on the last page of this form.

Other Requirements

- Note that privileges granted may only be exercised at the site(s) and/or setting(s) that have the appropriate equipment, license, beds, staff and other support required to provide the services defined in this document. Site-specific services may be defined in hospital and/or department policy.
- This document is focused on defining qualifications related to competency to exercise clinical privileges. The applicant must also adhere to any additional governance (MS Bylaws, Rules and Regulations) organizational, regulatory, or accreditation requirements that the organization is obligated to meet.

QUALIFICATIONS FOR GASTROENTEROLOGY

To be eligible to apply for core privileges in gastroenterology, the initial applicant must meet the following criteria:

Current specialty certification in gastroenterology by the American Board of Internal Medicine or the American Osteopathic Board of Internal Medicine.

OR

Successful completion of an Accreditation Council for Graduate Medical Education (ACGME) or American Osteopathic Association (AOA) accredited fellowship in gastroenterology and active participation in the examination process with achievement of certification within 5 years of completion of formal training leading to subspecialty certification in gastroenterology by the American Board of Internal Medicine or the American Osteopathic Board of Internal Medicine.

Required Previous Experience: Applicants for initial appointment must be able to demonstrate inpatient, outpatient, or consultative services, reflective of the scope of privileges requested, for a sufficient volume of patients during the past 24 months or demonstrate successful completion of an ACGME or AOA accredited residency, clinical fellowship, or research in a clinical setting within the past 12 months.
Reappointment Requirements: To be eligible to renew core privileges in gastroenterology, the applicant must meet the following maintenance of privilege criteria:

Current demonstrated competence and a sufficient volume of experience (inpatient, outpatient, or consultative services) with acceptable results, reflective of the scope of privileges requested, for the past 24 months based on results of ongoing professional practice evaluation and outcomes. Evidence of current ability to perform privileges requested is required of all applicants for renewal of privileges. Medical Staff members whose board certificates in gastroenterology bear an expiration date shall successfully complete recertification no later than three (3) years following such date. For members whose certifying board requires maintenance of certification in lieu of renewal, maintenance of certification requirements must be met, with a lapse in continuous maintenance of no greater than three (3) years.

Core Privileges

Gastroenterology Core Privileges

☐ Requested Admit, evaluate, diagnose, treat and provide consultation to patients of all ages, with diseases, injuries, and disorders of the digestive organs including the stomach, bowels, liver and gallbladder, and related structures such as the esophagus, and pancreas including the use of diagnostic and therapeutic procedures using endoscopes to see internal organs. May provide care to patients in the intensive care setting in conformance with unit policies. Assess, stabilize, and determine disposition of patients with emergent conditions consistent with medical staff policy regarding emergency and consultative call services. The core privileges in this specialty include the procedures on the attached procedure list.

Qualifications for Transplant Hepatology

To be eligible to apply for core privileges in transplant hepatology, the initial applicant must meet the following criteria:

Current specialty certification in transplant hepatology by the American Board of Internal Medicine or the American Osteopathic Board of Internal Medicine.

OR

Successful completion of an Accreditation Council for Graduate Medical Education (ACGME) or American Osteopathic Association (AOA) accredited fellowship in transplant hepatology and active participation in the examination process with achievement of certification within 5 years of completion of formal training leading to subspecialty certification in transplant hepatology by the American Board of Internal Medicine or the American Osteopathic Board of Internal Medicine.

Required Previous Experience: Applicants for initial appointment must be able to demonstrate inpatient, outpatient, or consultative services, reflective of the scope of privileges requested, for a sufficient volume of patients during the past 24 months or demonstrate successful completion of an ACGME or AOA accredited residency, clinical fellowship, or research in a clinical setting within the past 12 months.
Reappointment Requirements: To be eligible to renew core privileges in transplant hepatology, the applicant must meet the following maintenance of privilege criteria:

Current demonstrated competence and a sufficient volume of experience (inpatient, outpatient, or consultative services) with acceptable results, reflective of the scope of privileges requested, for the past 24 months based on results of ongoing professional practice evaluation and outcomes. Evidence of current ability to perform privileges requested is required of all applicants for renewal of privileges. Medical Staff members whose board certificates in transplant hepatology bear an expiration date shall successfully complete recertification no later than three (3) years following such date. For members whose certifying board requires maintenance of certification in lieu of renewal, maintenance of certification requirements must be met, with a lapse in continuous maintenance of no greater than three (3) years.

CORE PRIVILEGES

TRANSPLANT HEPATOLOGY CORE PRIVILEGES

☐ Requested  Admit, evaluate, diagnose, treat and provide consultation to patients of all ages, with liver dysfunction or end-stage liver disease requiring liver transplant including participation in the selection of appropriate recipients for transplantation, donor selection, histocompatibility and tissue typing, pre-, intra-, and immediate postoperative and continuing inpatient care. May provide care to patients in the intensive care setting in conformance with unit policies. Assess, stabilize, and determine disposition of patients with emergent conditions consistent with medical staff policy regarding emergency and consultative call services. The core privileges in this specialty include the procedures on the attached procedure list.

CHECK HERE TO REQUEST INTERNAL MEDICINE PRIVILEGES FORM

☐ Requested
GASTROENTEROLOGY CLINICAL PRIVILEGES

Name: ________________________________

SPECIAL NON-CORE PRIVILEGES (SEE SPECIFIC CRITERIA)

If desired, Non-Core Privileges are requested individually in addition to requesting the Core. Each individual requesting Non-Core Privileges must meet the specific threshold criteria governing the exercise of the privilege requested including training, required previous experience, and for maintenance of clinical competence.

CAPSULE ENDOSCOPY PERFORMANCE AND INTERPRETATION

☐ Requested

Criteria: Successful completion of an ACGME or AOA accredited program in gastroenterology that included training in capsule endoscopy; or completion of a hands-on course with a minimum of 8 hours CME credit, endorsed by a national or international GI or surgical society and a review of the first 10 capsule studies by a credentialed capsule endoscopist (or other appropriate reviewer approved by the department chair); or evidence of a preceptorship with a sufficient volume of procedures supervised by a physician holding privileges in capsule endoscopy (or other appropriate proctor approved by the department chair). Required Previous Experience: Demonstrated current competence and evidence of the performance of a sufficient volume of capsule endoscopy procedures in the past 12 months. Maintenance of Privilege: Demonstrated current competence and evidence of the performance of a sufficient volume of capsule endoscopy procedures in the past 24 months based on results of ongoing professional practice evaluation and outcomes.

FECAL MICROBIAL TRANSPLANTATION (UNDER PROTOCOL APPROVED BY CHIEF, DIVISION OF DIGESTIVE DISEASES)

☐ Requested

Criteria: As for Gastroenterology core privileges Required Previous Experience: Demonstrated current competence and evidence of the successful completion of five (5) fecal microbial transplant (FMT) procedures in the past twenty-four (24) months; OR must be proctored for five (5) FMT procedures by a physician holding privileges for FMT at UMMC. Maintenance of Privilege: Demonstrated current competence and evidence of the performance of a sufficient volume of FMT procedures in the past 24 months based on results of ongoing professional practice evaluation and outcomes.

ENDOSCOPIC ULTRASOUND

☐ Requested

Criteria: Successful completion of an ACGME or AOA accredited program in gastroenterology that included training in endoscopic ultrasound; or completion of a hands-on course with a minimum of 8 hours CME credit, endorsed by a national or international GI or surgical society and a review of the first 10 endoscopic ultrasounds by a credentialed provider (or other appropriate reviewer approved by the department chair); or evidence of a preceptorship with a sufficient volume of procedures supervised by a physician holding privileges in capsule endoscopy (or other appropriate proctor approved by the department chair). Required Previous Experience: Demonstrated current competence and evidence of the performance of a sufficient volume of endoscopic ultrasounds in the past 12 months. Maintenance of Privilege: Demonstrated current competence and evidence of the performance of a sufficient volume of endoscopic ultrasounds in the past 24 months based on results of ongoing professional practice evaluation and outcomes.
ENDOSCOPIC RETROGRADE CHOLANGIOPANCREATOGRAPHIES (ERCP)

☐ Requested

Criteria: Successful completion of an ACGME or AOA accredited program in gastroenterology that included training in endoscopic retrograde cholangiopancreatographies; or completion of a hands-on course with a minimum of 8 hours CME credit, endorsed by a national or international GI or surgical society and a review of the first 10 ERCPs by a credentialed provider (or other appropriate reviewer approved by the department chair); or evidence of a preceptorship with a sufficient volume of procedures supervised by a physician holding privileges in ERCP (or other appropriate proctor approved by the department chair). Required Previous Experience: Demonstrated current competence and evidence of the performance of a sufficient volume of ERCPs in the past 12 months. Maintenance of Privilege: Demonstrated current competence and evidence of the performance of a sufficient volume of ERCPs in the past 24 months based on results of ongoing professional practice evaluation and outcomes.

FLUOROSCOPY USE

☐ Requested

Criteria:
☑ Current board certification in Radiology, Diagnostic Radiology or Radiation Oncology by the American Board of Radiology or the American Osteopathic Board of Radiology

OR
☐ Successful completion of a residency/fellowship program approved by the Accreditation Council for Graduate Medical Education (ACGME) or the American Osteopathic Association (AOA) that included 6 months of training in fluoroscopic imaging procedures and documentation of the successful completion of didactic course lectures and laboratory instruction in radiation physics, radiobiology, radiation safety, and radiation management applicable to the use of fluoroscopy, including passing a written examination in these areas.

OR
☐ Participation in a preceptorship that requires at least 10 procedures be performed under the direction of a qualified physician who has met these standards and who certifies that the trainee meets minimum fluoroscopy safety standards. (Applicable to physicians whose residency/fellowship did not include radiation physics, radiobiology, radiation safety, and radiation management)

OR
☐ Good faith estimate of volume of procedures performed utilizing fluoroscopy in the last 24 months. Examples of procedures performed:
   Number of procedures performed in the last 24 months:____________________________
   Percentage of cases with fluoroscopic time >120 minutes, dose > 3 Gy, or equivalent:________

AND (all applicants)
☐ Successful completion of a fluoroscopy safety course provided by the UMMC Radiation Safety Officer

Maintenance of Privilege: A practitioner must document that procedures have been performed over the past 24 months utilizing fluoroscopy (with acceptable outcomes) in order to maintain active privileges for use. In addition, completion of a fluoroscopy safety refresher course provided by the Radiation Safety Officer is required for maintenance of the privilege.
GASTROENTEROLOGY CLINICAL PRIVILEGES

Name: ________________________________

RADIOLOGY CHAIR APPROVAL:

I have reviewed the above requested privileges and I attest that this practitioner is competent to perform the privileges requested based on the information provided.

Signature, Chair—Department of Radiology

ULTRASOUND-GUIDED CENTRAL LINE INSERTION

☐ Requested  See Medical Staff Policy for Ultrasound-Guided Central Line Insertion for additional information.

Initial Privileging:

As for core privileges plus:
- Completion of a UMMC ultrasound-guided central line insertion Healthstream learning module; and
- Completion of ultrasound-guided central line insertion simulation training in the UMMC Simulation and Interprofessional Education Center; and
- Focused professional practice evaluation to include proctoring of the ultrasound-guided insertion of at least 5 central lines (femoral or internal jugular) within the first 6 months of appointment

Reprivileging:

As for core privileges plus:
- Completion of a UMMC ultrasound-guided central line insertion Healthstream learning module; and
- Performance of at least 10 ultrasound-guided central line insertions in the past 24 months;

If volume requirements are not met, the following may substitute:
- Completion of ultrasound-guided central line insertion simulation training in the UMMC Simulation and Interprofessional Education Center; and
- Focused professional practice evaluation to include proctoring of the ultrasound-guided insertion of at least 5 central lines (femoral or internal jugular) within the first 6 months of re-appointment
GASTROENTEROLOGY CLINICAL PRIVILEGES

USE OF LASER

☐ Requested

Criteria:
1) Completion of an acceptable laser safety course provided by the UMMC Laser Safety Officer AND
2) Successful completion of an approved residency in a specialty or subspecialty which included training in lasers OR
   Successful completion of a hands-on CME course which included training in laser principles and observation and hands-on experience with lasers OR
   Evidence of sufficient volume of procedures performed utilizing lasers (with acceptable outcomes) within the past 24 months AND
3) Practitioner agrees to limit practice to only the specific laser types for which they have documentation of training and/or experience

Maintenance of Privilege:
A practitioner must document that procedures have been performed over the past 24 months utilizing lasers (with acceptable outcomes) in order to maintain active privileges for laser use. In addition, completion of a laser safety refresher course provided by the Laser Safety Officer is required for maintenance of the privilege. Practitioner agrees to limit practice to only the specific laser types for which they have documentation of training and/or experience.

ADMINISTRATION OF SEDATION AND ANALGESIA

☐ Requested  See Hospital Policy for Procedural Sedation by Non-Anesthesiologists for additional information.

Section One--INITIAL REQUESTS ONLY:
☐ Completion of residency or fellowship in anesthesia, emergency medicine or critical care -OR-

☐ Completion of residency or fellowship within the past year in a clinical subspecialty that provides training in procedural sedation training -OR-

☐ Demonstration of prior clinical privileges to perform procedural sedation along with a good-faith estimate of at least 20 such sedations performed during the previous year (the estimate should include information about each type of procedure where sedation was administered with a list of any adverse events related to the sedation during those cases, including causal analysis, treatment, and outcome:

-OR-
GASTROENTEROLOGY CLINICAL PRIVILEGES

Name: ________________________________

☐ Successful completion (within six months of application for privileges) of a UMHC-approved procedural sedation training and examination course that includes practical training and examination under simulation conditions.

Section Two—INITIAL AND RE-PRIVILEGING REQUESTS:

☐ Successful completion of the UMHC web based Procedural Sedation Course/Exam initially and at least once every two years -AND-

Provision of a good-faith estimate of the number of instances of each type of procedure where sedation is administered with a list of any adverse events related to the sedation during those cases, including causal analysis, treatment, and outcome:

__________________________________________________________________

__________________________________________________________________

--AND--

☐ ACLS, PALS and/or NRP, as appropriate to the patient population. (Current)

--OR--

☐ Maintenance of board certification or eligibility in anesthesiology, emergency medicine, pediatric emergency medicine, cardiovascular disease, advanced heart failure and transplant cardiology, clinical cardiac electrophysiology, interventional cardiology, pediatric cardiology, critical care medicine, surgical critical care, neurocritical care or pediatric critical care, as well as active clinical practice in the provision of procedural sedation.

Section Three—PRIVILEGES FOR DEEP SEDATION:

☐ I am requesting privileges to administer/manage deep sedation as part of these procedural sedation privileges.

Deep Sedation/Anesthetic Agents used: ________________________________

__________________________________________________________________

APPLICABLE TO REQUESTS FOR DEEP SEDATION ONLY:
I have reviewed and approve the above requested privileges based on the provider’s critical care, emergency medicine or anesthesia training and/or background.

CORE PROCEDURE LIST

To the applicant: If you wish to exclude any procedures, please strike through those procedures which you do not wish to request, initial, and date.

GASTROENTEROLOGY

- Argon plasma coagulation (APC)
- Biliary tube/stent, endoluminal stent placement
- Biopsy of the mucosa of esophagus, stomach, small bowel, and colon
- Breath test performance and interpretation
- Central line insertion and/or repositioning (femoral and internal jugular access require special privileges for ultrasound guided central line insertion)
- Colonoscopy with or without polypectomy
- Diagnostic and therapeutic EGD
- Endoscopic mucosal resection
- Enteral and parenteral alimentation
- Esophageal dilation
- Esophageal or duodenal stent placement
- Esophagogastroduodenoscopy to include foreign body removal, stent placement, or polypectomy
- Flexible sigmoidoscopy
- Gastrointestinal motility studies and 24 hour pH monitoring
- Interpretation of gastric, pancreatic, and biliary secretory tests
- Nonvariceal hemostasis (upper and lower)
- Order respiratory services
- Order rehab services
- Percutaneous endoscopic gastrostomy
- Percutaneous liver biopsy
- Perform history and physical exam
- Perform routine medical procedures (including: arthrocentesis and joint injections; excision of skin and subcutaneous tumors, nodules, and lesions; I & D abscess; initial PFT interpretation; insertion and management of arterial lines; local anesthetic techniques; lumbar puncture; marrow aspiration and biopsy; peripheral nerve blocks; placement of anterior and posterior nasal hemostatic packing; interpretation of electrocardiograms; remove non-penetrating corneal foreign body, nasal foreign body; synovial fluid crystal analysis; and thoracentesis)
- Perform waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal pH by paper methods
- Proctoscopy
- Sengstaken/Minnesota tube intubation
- Single and double balloon enteroscopy
- Snare polypectomy
- Variceal hemostasis (upper and lower)

TRANSPLANT HEPATOLOGY

- Diagnostic and therapeutic paracentesis
- Endoscopic assisted feeding tube placement (per oral)
- Percutaneous endoscopic jejunostomy
- Percutaneous liver biopsy with ultrasound guidance in pre and post liver transplant patients

ACKNOWLEDGEMENT OF PRACTITIONER

I have requested only those privileges for which by education, training, current experience, and demonstrated performance I am qualified to perform and for which I wish to exercise at University Hospital and Health System, University of Mississippi Medical Center, and I understand that:

a. In exercising any clinical privileges granted, I am constrained by Hospital and Medical Staff policies and rules applicable generally and any applicable to the particular situation.

b. Any restriction on the clinical privileges granted to me is waived in an emergency situation and in such situation my actions are governed by the applicable section of the Medical Staff Bylaws or related documents.

Signed ________________________________ Date ____________

DIVISION CHIEF’S RECOMMENDATION (AS APPLICABLE)

I have reviewed the requested clinical privileges and supporting documentation for the above-named applicant. To the best of my knowledge, this practitioner’s health status is such that he/she may fully perform with safety the clinical activities for which he/she is being recommended. I make the following recommendation(s):

☐ Recommend all requested privileges.
☐ Recommend privileges with the following conditions/modifications:
☐ Do not recommend the following requested privileges:
