HEMATOLOGY/ONCOLOGY CLINICAL PRIVILEGES

Name: _____

Page 1

Initial Appointment

Reappointment

All new applicants must meet the following requirements as approved by the governing body effective: 8/5/2015.

Applicant: Check off the "Requested" box for each privilege requested. Applicants have the burden of producing information deemed adequate by the Hospital for a proper evaluation of current competence, current clinical activity, and other qualifications and for resolving any doubts related to qualifications for requested privileges.

Department Chair: Check the appropriate box for recommendation on the last page of this form. If recommended with conditions or not recommended, provide condition or explanation on the last page of this form.

Other Requirements

- Note that privileges granted may only be exercised at the site(s) and/or setting(s) that have the appropriate equipment, license, beds, staff and other support required to provide the services defined in this document. Site-specific services may be defined in hospital and/or department policy.
- This document is focused on defining qualifications related to competency to exercise clinical privileges. The applicant must also adhere to any additional governance (MS Bylaws, Rules and Regulations) organizational, regulatory, or accreditation requirements that the organization is obligated to meet.

QUALIFICATIONS FOR HEMATOLOGY

To be eligible to apply for core privileges in hematology, the initial applicant must meet the following criteria:

Current subspecialty certification in hematology or dual certification in hematology and medical oncology by the American Board of Internal Medicine or subspecialty certification in hematology by the American Osteopathic Board of Internal Medicine.

OR

Successful completion of an Accreditation Council for Graduate Medical Education (ACGME) or American Osteopathic Association (AOA) accredited residency in internal medicine followed by successful completion of an accredited fellowship in hematology or integrated fellowship in oncology and active participation in the examination process with achievement of certification within 5 years of completion of formal training leading to subspecialty certification in hematology or dual certification in hematology and medical oncology by the American Board of Internal Medicine or subspecialty certification in hematology by the American Osteopathic Board of Internal Medicine.

Required Previous Experience: Applicants for initial appointment must be able to demonstrate provision of inpatient or consultative services, reflective of the scope of privileges requested, for a sufficient volume of hematology patients during the past 24 months or demonstrate successful completion of a hospital-affiliated formal fellowship, special clinical fellowship, or research within the past 12 months.

Reappointment Requirements: To be eligible to renew core privileges in hematology, the applicant must meet the following maintenance of privilege criteria:

Current demonstrated competence and a sufficient volume of experience, with acceptable results, reflective of the scope of privileges requested, for the past 24 months based on results of ongoing professional practice evaluation and outcomes. Evidence of current ability to perform privileges requested is required of all applicants for renewal of privileges. Medical Staff members whose board

certificates in hematology or hematology and medical oncology bear an expiration date shall successfully complete recertification no later than three (3) years following such date. For members whose certifying board requires maintenance of certification in lieu of renewal, maintenance of certification requirements must be met, with a lapse in continuous maintenance of no greater than three (3) years.

CORE PRIVILEGES

HEMATOLOGY CORE PRIVILEGES

- Requested** Admit, evaluate, diagnose, treat, and provide consultation to patients of all ages, with diseases and disorders of the blood, spleen, lymph glands, and immunologic system such as anemia, clotting disorders, sickle cell disease, hemophilia, leukemia, lymphoma, and myeloma. May provide care to patients in the intensive care setting in conformance with unit policies. Assess, stabilize, and determine disposition of patients with emergent conditions consistent with medical staff policy regarding emergency and consultative call services. The core privileges in this specialty include the procedures on the attached procedure list.

QUALIFICATIONS FOR ONCOLOGY

To be eligible to apply for core privileges in oncology, the initial applicant must meet the following criteria:

Current subspecialty certification in oncology or dual certification in hematology and medical oncology by the American Board of Internal Medicine or subspecialty certification in oncology by the American Osteopathic Board of Internal Medicine.

OR

Successful completion of an Accreditation Council for Graduate Medical Education (ACGME) or American Osteopathic Association (AOA) accredited post-graduate training program in internal medicine followed by successful completion of an accredited fellowship in medical oncology or an integrated fellowship in hematology / medical oncology and active participation in the examination process with achievement of certification within 5 years of completion of formal training leading to subspecialty certification in oncology or dual certification in hematology and medical oncology by the American Board of Internal Medicine or subspecialty certification in oncology by the American Osteopathic Board of Internal Medicine.

Required Previous Experience: Applicants for initial appointment must be able to demonstrate that (s)he has provided inpatient or consultative services, reflective of the scope of privileges requested, for a sufficient volume of oncology patients during the past 24 months, or demonstrate successful completion of a hospital-affiliated formal fellowship, special clinical fellowship, or research within the past 12 months.

Reappointment Requirements: To be eligible to renew core privileges in oncology, the applicant must meet the following maintenance of privilege criteria:

Current demonstrated competence and a sufficient volume of experience, with acceptable results, reflective of the scope of privileges requested for the past 24 months based on results of ongoing professional practice evaluation and outcomes. Evidence of current ability to perform privileges requested is required of all applicants for renewal of privileges. Medical Staff members whose board certificates bear an expiration date shall successfully complete recertification no later than three (3) years following such date. For members whose certifying board requires maintenance of certification in lieu of renewal, maintenance of certification requirements must be met, with a lapse in continuous maintenance of no greater than three (3) years.

SPECIAL NON-CORE PRIVILEGES (SEE SPECIFIC CRITERIA)

If desired, Non-Core Privileges are requested individually in addition to requesting the Core. Each individual requesting Non-Core Privileges must meet the specific threshold criteria governing the exercise of the privilege requested including training, required previous experience, and for maintenance of clinical competence.

BONE MARROW TRANSPLANTATION OR STEM CELL HARVEST

Requested

Criteria: Successful completion of an ACGME/AOA-accredited training program in medical oncology, hematology, or immunology followed by completion of a BMT fellowship program or a minimum of one year of clinical experience in a Foundation for the Accreditation of Cellular Therapy (FACT) accredited BMT program that included autologous and allogeneic transplantation. **Required previous experience:** Demonstrated current competence and evidence of the performance of a sufficient volume of BMT or stem cell harvest procedures in the past 24 months. **Maintenance of Privilege:** Demonstrated current competence and evidence of the performance of a sufficient volume of BMT or stem cell harvest procedures in the past 24 months with acceptable results based on results of ongoing professional practice evaluation and outcomes.

ADMINISTRATION OF SEDATION AND ANALGESIA

Requested See Hospital Policy for Procedural Sedation by Non-Anesthesiologists for additional information.

Section One--INITIAL REQUESTS ONLY:

- Completion of residency or fellowship in anesthesiology, emergency medicine or critical care **-OR-**
- Completion of residency or fellowship within the past year in a clinical subspecialty that provides training in procedural sedation training **-OR-**
- Demonstration of prior clinical privileges to perform procedural sedation along with a good-faith estimate of at least 20 such sedations performed during the previous year (the estimate should include information about each type of procedure where sedation was administered with a list of any adverse events related to the sedation during those cases, including causal analysis, treatment, and outcome:

-OR-

- Successful completion (within six months of application for privileges) of a UMHC-approved procedural sedation training and examination course that includes practical training and examination under simulation conditions.

Section Two--INITIAL AND RE-PRIVILEGING REQUESTS:

- Successful completion of the UMHC web based Procedural Sedation Course/Exam initially and at least once every two years **-AND-**

Provision of a good-faith estimate of the number of instances of each type of procedure where sedation is administered with a list of any adverse events related to the sedation during those cases, including causal analysis, treatment, and outcome:

-AND-

- ACLS, PALS and/or NRP, as appropriate to the patient population. **(Current)**

-OR-

- Maintenance of board certification or eligibility in anesthesiology, emergency medicine, pediatric emergency medicine, cardiovascular disease, advanced heart failure and transplant cardiology, clinical cardiac electrophysiology, interventional cardiology, pediatric cardiology, critical care medicine, surgical critical care, neurocritical care or pediatric critical care, as well as active clinical practice in the provision of procedural sedation.

Section Three--PRIVILEGES FOR DEEP SEDATION:

- I am requesting privileges to administer/manage deep sedation as part of these procedural sedation privileges.

Deep Sedation/Anesthetic Agents used: _____

APPLICABLE TO REQUESTS FOR DEEP SEDATION ONLY:

I have reviewed and approve the above requested privileges based on the provider's critical care, emergency medicine or anesthesia training and/or background.

Signature of Anesthesiology Chair

ULTRASOUND-GUIDED CENTRAL LINE INSERTION

- Requested** See Medical Staff Policy for Ultrasound-Guided Central Line Insertion for additional information.

Initial Privileging:

As for core privileges plus:

- Performance of at least 10 ultrasound-guided central line insertions in the past 24 months; and
- Completion of a UMMC ultrasound-guided central line insertion Healthstream learning module

Maintenance of Privilege:

As for core privileges plus:

- Performance of at least 10 ultrasound-guided central line insertions in the past 24 months; and
- Completion of a UMMC ultrasound-guided central line insertion Healthstream learning module

CORE PROCEDURE LIST

To the applicant: If you wish to exclude any procedures, please strike through those procedures which you do not wish to request, initial, and date.

Hematology

- Administration of chemotherapeutic agents and biological response modifiers through all therapeutic routes
- Apheresis procedures
- Complete blood count, including platelets and white cell differential, by means of automated or manual techniques
- Lumbar puncture
- Indications and application of imaging techniques in patients with blood disorders
- Management and care of indwelling venous access catheters
- Order respiratory services
- Order rehab services
- Perform history and physical exam
- Perform routine medical procedures (including: arthrocentesis and joint injections; excision of skin and subcutaneous tumors, nodules, and lesions; I & D abscess; initial PFT interpretation; insertion and management of arterial lines; local anesthetic techniques; peripheral nerve blocks; placement of anterior and posterior nasal hemostatic packing; interpretation of electrocardiograms; remove non-penetrating corneal foreign body, nasal foreign body; synovial fluid crystal analysis)
- Perform waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal pH by paper methods
- Preparation, staining, and interpretation of blood smears, performing bone marrow biopsies, and touch preparations as well as interpretation of bone marrow aspirates
- Therapeutic thoracentesis and paracentesis

Oncology

- Administration of chemotherapeutic agents and biological response modifiers through all therapeutic routes
- Assessment of tumor imaging by computed tomography, magnetic resonance, PET scanning, and nuclear imaging techniques
- Complete blood count, including platelets and white cell differential, by means of automated or manual techniques
- Lumbar puncture
- Management and maintenance of: indwelling venous access catheters, arterial access catheters, indwelling peritoneal catheters
- Order respiratory services
- Order rehab services
- Perform history and physical exam
- Perform routine medical procedures (including: arthrocentesis and joint injections; excision of skin and subcutaneous tumors, nodules, and lesions; I & D abscess; initial PFT interpretation; insertion and management of arterial lines; local anesthetic techniques; peripheral nerve blocks; placement of anterior and posterior nasal hemostatic packing; interpretation of electrocardiograms; remove non-penetrating corneal foreign body, nasal foreign body; synovial fluid crystal analysis)
- Perform waived laboratory testing not requiring an instrument, including but not limited to fecal occult blood, urine dipstick, and vaginal pH by paper methods
- Preparation, staining, and interpretation of blood smears, performing bone marrow biopsies, and touch preparations as well as interpretation of bone marrow aspirates

ACKNOWLEDGEMENT OF PRACTITIONER

I have requested only those privileges for which by education, training, current experience, and demonstrated performance I am qualified to perform and for which I wish to exercise at University Hospital and Health System, University of Mississippi Medical Center, and I understand that:

- a. In exercising any clinical privileges granted, I am constrained by Hospital and Medical Staff policies and rules applicable generally and any applicable to the particular situation.
- b. Any restriction on the clinical privileges granted to me is waived in an emergency situation and in such situation my actions are governed by the applicable section of the Medical Staff Bylaws or related documents.

Signed _____ **Date** _____

DIVISION CHIEF'S RECOMMENDATION (AS APPLICABLE)

I have reviewed the requested clinical privileges and supporting documentation for the above-named applicant. To the best of my knowledge, this practitioner's health status is such that he/she may fully perform with safety the clinical activities for which he/she is being recommended. I make the following recommendation(s):

- Recommend all requested privileges.
- Recommend privileges with the following conditions/modifications:
- Do not recommend the following requested privileges:

Privilege	Condition/Modification/Explanation
1. _____	_____
2. _____	_____
3. _____	_____
4. _____	_____
