Creating a New Acclaim Account

U Med Cred is the digital credentialing initiative for UMMC. Digital credentials approved by UMMC are housed in Acclaim (previously Credly), a digital credentialing platform used by UMMC to create and issue digital credentials.

If you previously had a Credly account, you do not need to create a new account; your account has been migrated. If you did not receive an email from Acclaim to verify your new account, you can submit a request with Acclaim for an account verification, noting our recent migration to Acclaim.

New users can create an Acclaim account at https://www.youracclaim.com/organizations/ummc/badges.

Creating an Account

2. Select ‘Create Account’ on the top of the page.

3. Complete the required fields as detailed.

   Name

   Email - UMMC users must create their account with their UMMC email address. Other email addresses may be added to the account later.

   Country

   Password - Currently, this does not reset with the user’s UMMC password.

   Select ‘Create Account.’
4. Read and accept the terms.

5. Confirm your email.
