Assignment Submission - Student Tip Sheet

What is Arc?

Arc is a communication tool that allows instructors and students to actively collaborate through video.

Arc's interface lets students and instructors engage with video content by commenting directly on the video timeline (in real time). Students can learn from each other's insights as well as from the instructor's direction and feedback.

How do I submit an Arc media assignment as a File Upload?

Students can submit an Arc video as a File Upload assignment in Canvas.

Once an Arc video is submitted as an assignment, the video is created as a new copy owned by the instructor. Students will not be able to edit any details.

From the assignment, select the 'Submit Assignment' button.
