Internet Browser

Canvas supports the latest two versions of each browser release. We recommend updating to the newest version browsers.

As of **March 1, 2017**, supported browsers include:

- **Firefox 50 and 51** (extended releases are not supported)
- **Internet Explorer 11 and Edge**
- **Chrome 55 and 56**
- **Safari 9 and 10**

For the latest information of Supported Browsers, see the Canvas Guides for [Which browsers does Canvas support?](#)

Help is available!

Click **Help** on the far left side and select **Search Canvas Guides**.

Step by steps instructions are available.
