TOPIC:
One Health Applications to UMMC and Mississippi

Monday, August 23, 2021 • 12:00 – 1:00 pm
Location: BigBlueButton or dial in 1-863-208-0022 (pin: 337 216 271)

Objectives:
1. Discuss the concepts of a One Health approach
2. Formulate conversations with a broad audience of stakeholders
3. Identify collaborative opportunities in One Health for UMMC

Dr. Andrew Grady is the Director of the Center for Comparative Research at the University of Mississippi Medical Center and holds the rank of Professor in the Department of Microbiology & Immunology. He is a graduate of the Mississippi State University College of Veterinary Medicine and went on to complete a residency in Aquatic Animal Medicine and another residency in Laboratory Animal Medicine. He earned a Master’s Degree from the University of Missouri and has focused his career in comparative medicine since 1988.

He has been on the UMMC faculty for 28 years in support of the biomedical research mission. As director of the Center for Comparative Research, he has oversight of approximately 70,000 ft² of research animal environments which supports a daily average animal population of 14,000. Current animal modelling is centered on rodents, rabbits, swine, nonhuman primates, amphibians, and fish.

Andrew has been active in several national and international professional organizations. For greater than 20 years, he has been affiliated with AAALAC International and been an active part in over 100 institutional accreditation site visits in the United States, Europe, the Caribbean, and Asia.

Andrew’s work in our UMMC comparative medicine program coupled with his collaborations with the College of Veterinary Medicine underscores the One Health concept in action.
