TOPIC:
Building Capacity in Health Disparities Research

Monday, June 28, 2021 • 12:00 – 1:00 pm
Location: BigBlueButton or dial in 1-863-208-0022 (pin: 337 216 271)

Objectives:
1. Discuss the main principals of community-based research
2. Describe the role of social determinants of health on Health Disparities
3. Discuss the barriers and facilitators of enhancing minorities participation in clinical trials

Mona Fouad, MD, MPH is Professor of Medicine, Director of the Division of Preventive Medicine, Edward E. Partridge, M.D., Endowed Chair for Cancer Disparity Research, and Senior Associate Dean for Diversity and Inclusion in the School of Medicine at the University of Alabama at Birmingham. Dr. Fouad is recognized nationally as a leader in health disparities research and was elected in 2017 a member of the National Academy of Medicine. She was also selected as the UAB 2018 distinguished faculty lecturer for advancing the frontiers of science and outstanding contributions to education, research and public service. Dr. Fouad has contributed to the science of health disparities through major national studies to identify variability in cancer care and outcomes and reduce burden of chronic diseases in high-risk populations. She has been the Principal Investigator on numerous federally funded projects totaling over $106 million, and Co-Principal Investigator on additional grants worth approximately $125 million.
