

UMMC 2030

FIVE-YEAR STRATEGIC PLAN

YEAR TWO

THE UNIVERSITY OF MISSISSIPPI
MEDICAL CENTER™

INTRODUCTION

The University of Mississippi Medical Center, the state's only academic medical center, includes six health science schools, leading research programs, and hospitals and clinics across the state. We provide many critical services unavailable elsewhere in Mississippi, including Level I trauma care, dedicated facilities for infants, children and teens, organ transplantation, an adult and pediatric burn center and other types of specialized care.

As a complex organization serving nearly every Mississippian, UMMC must make thoughtful decisions and take strategic action to maximize our impact and meet the state's current and evolving health care needs.

To guide this work, we launched UMMC 2030, our five-year strategic plan, on July 1, 2025. The plan is built around five overarching strategies that remain constant throughout the five-year period, while goals and action items are updated annually. July 1, 2026, marked the start of Year Two following a successful first year that generated meaningful progress across the institution.

With UMMC 2030 as our roadmap and the dedication of our leaders, faculty and staff, our work this fiscal year will build on that momentum. As we pursue the priorities outlined in this booklet, we will continue advancing our mission and strengthening our journey toward A Healthier Mississippi.

5 Strategies *and* Year Two Goals

one

Maximize Value in Quality of Care

Refine processes across the health care spectrum to bring affordable, safe, reliable care to all Mississippians.

1

Leverage systems to improve capacity

2

Optimize use of the electronic health record

3

Implement new sepsis program

4

Develop programs and processes that promote high reliability

two

Promote Clinical Access, Efficiency and Growth

Deliver primary and specialty services to more communities, giving Mississippians better access to care from the state's only academic medical center.

- 1 Expand general and specialty ambulatory footprint
- 2 Advance cancer services
- 3 Improve efficiency and safety of perioperative services
- 4 Optimize ambulatory services

three

Cultivate a Vibrant Academic Community

Attract and retain teaching leaders to provide a rigorous education in a challenging yet nurturing learning environment.

- 1 Align academic programs with workforce needs
- 2 Improve the student experience
- 3 Enhance the faculty life cycle
- 4 Enrich the UMMC community through the medical humanities

four

Foster Excellence in Research

Build the resources needed to generate scientific breakthroughs and efficiently move those findings from the lab to the clinical setting.

- 1 Foster an NCI-level cancer research portfolio
- 2 Increase clinical research capacity and efficiency
- 3 Advance team science through interdisciplinary collaboration
- 4 Promote a culture of well-being among researchers

five

Optimize Institutional Service Areas

Enhance all three mission areas by strengthening the institutional operations on which they rely.

- 1 Ensure workforce professionalism, skills and customer service
- 2 Redesign and optimize the institutional website
- 3 Strengthen IT security and resilience
- 4 Improve first impression of facilities

THE UNIVERSITY OF MISSISSIPPI MEDICAL CENTER

Mission

The mission of the University of Mississippi Medical Center is to improve the health and well-being of patients and the community through excellent training for health care professionals, engagement in innovative research and the delivery of state-of-the-art care.

Vision

The University of Mississippi Medical Center will be a premier academic health sciences system that is recognized nationally for high-quality clinical care, for innovative research and for training committed health care professionals who work together to improve health outcomes and eliminate health care disparities.

Values

Integrity

Our shared dedication to honesty, principles, and serving the greater good

Respect

Our belief that every person is worthy of consideration and kindness

Excellence

Our drive to work harder, think deeper, and go above and beyond to transform good to great

Compassion

Our commitment to treat everyone with sympathy and empathy

Professionalism

Our goal of creating trust through appearance, conduct, communication, and character
