HUCKABAY JOINS UMMC SURGERY FACULTY

For more information contact Patrice Guilfoyle at 601-815-3940 or pguilfoyle@pubaffairs.umsmed.edu.

JACKSON, Miss. – Dr. Chad Huckabay, a urologic surgeon with specialty in minimally invasive and robotic urologic surgery, has joined the University of Mississippi Medical Center faculty as an assistant professor of surgery. He will see patients through University of Mississippi Health Care.

A 1994 graduate of the University of Oklahoma, Norman, Huckabay received the M.D. from the University of Oklahoma College of Medicine, Oklahoma City, in 1998. He served an internship in general surgery, postgraduate training in pre-urology and a residency in urology at Texas A&M University, Temple, where he was chief resident, urology from 2003-04. He also did a fellowship in urology at New York University from 2004-05 and was a fellow in laparoscopy/robotics at the Arthur Smith Institute of Urology, North Shore/Long Island Health System, New Hyde Park, N.Y. from 2007-08.

Huckabay joined the University of Minnesota, Twin Cities faculty in 2005 as an assistant professor of urology before serving as a urologic surgeon at North Shore/Long Island Jewish Health System, New Hyde Park from 2007-10.

The University of Mississippi Medical Center, located in Jackson, is the state's only academic medical center. University of Mississippi Health Care represents the clinical programs of the Medical Center and includes University Hospitals and Health System and University Physicians, the faculty group practice. UMMC encompasses five health science schools, including medicine, nursing, health related professions, dentistry and graduate studies, as well as the site where University of Mississippi pharmacy students do their clinical training. The Medical Center's threefold mission is to educate tomorrow's health-care professionals, conduct innovative research to improve human health, and to provide the highest quality care available to the state's citizens. A major goal of the Medical Center is the improvement of the health of Mississippians and the elimination of health disparities.
