

JULY 12-30, 2021

UMMC INSIGHT SUMMER ENRICHMENT PROGRAM

A Three-Week Experience Designed to Inspire

The Insight Summer Enrichment Program is open to any African American, Hispanic, Latino, or Native American student of a participating high school, aged 16 to 18, who is interested in a career in medicine.

The program aims to educate Mississippi's future physicians on the path to medical school and beyond and to encourage representation in medicine for traditionally underrepresented racial and ethnic groups.

Applications and additional information are available online at umc.edu/insight.

This program is supported by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) as part of an award. The contents of the program do not necessarily represent the official views, nor an endorsement, by HRSA, HHS, or the U.S. Government.
