Project SEARCH

Project SEARCH (Special Education As Requirements in Charter Schools) is a national initiative that places young adults with disabilities exiting high school in a hosting job site for 10 months in order to provide them with work experience that could lead to employment. UMMC’s Project SEARCH program started in August 2018 and is a collaboration between UMMC, the Rankin County School District and the Mississippi Council for Developmental Disabilities.

For more information about how your department can participate in UMMC’s Project SEARCH program, contact Christopher McMillan (cmcmillan@umc.edu).
