## Physical Therapy

**Job Description:** Are you looking for a family-owned facility with our largest Mid South team of therapists? Join our comprehensive team at this large, part-a skilled nursing facility. We have a huge rehab department with excellent equipment, including pieces of a new neuro gym. Across the parking lot, we also have access to a small assisted living facility where we occasionally use space for more therapy treatment. Are you ready to join our team in Columbus, MS? This state-of-the-art facility offers and provides the best environment to maximize patients' clinical outcomes for speedy recoveries. We use evidence-based practice guidelines to treat our patients and use our clinical outcomes to assess and improve treatment interventions in programs. As a company, we participate in a national outcome database, which provides benchmarks and sophisticated outcome reports to help us continually analyze and improve our patient outcomes. We know that by investing in quality employees, we also invest in our clients and the longevity of our business. It is this devotion to our patients that sets us apart from the rest – our sincere desire and commitment to be the very best; hence becoming a first-class leader in the rehabilitation industry and the largest diversified therapy care providers in the State of Mississippi.
