- If possible - you will want to park in a designated "zone" and catch the corresponding shuttle to the specific locations on campus. Please note that some destinations will not have direct connections - so additional walking may be required. Shuttle bus shelters are located at designated lot and campus locations. Each shelter is clearly marked to indicate the shuttle zone and stop location. **Gold Line shuttles pick up at stadium stops 1, 2, 3, and 4.** If you cannot find a parking spot in the designated zone for the gold buses - you will need to park and walk to the correct shuttle stop to catch the bus.

- Student Union/SHRP is shuttle stop 15
