| <input type="checkbox"/> Medical Genetics | |
| <input type="checkbox"/> Emergency Medicine | |

List the name (s) of any potential mentors you have already been in contact with:

Identify any research topics/areas of interest. (Optional)

Will you be available to work during the entire summer program (Start: May 31; End: July 22)?

- Yes No

If No, please identify any periods of 2 or more consecutive working/business days during which you will be unavailable.

Will you be available to present your work on Friday, July 22?

- Yes No

The pediatric research positions are intended to provide M-1 students clinical and research experience in pediatrics. Please provide a brief description of your interests in a pediatric career and your goals for this summer experience. Please limit to the space provided below.

Please email completed application to Kara (Katie) Sanders – kmsanders@umc.edu
Applications are due Friday, February 11, 2022
